JAP BOMBERS
RAKE HANKOW;
HUNDRED DIE

Invaders Believed In
Control of North
China

By JAMES A. MILLS
Shanghai, Sept. 24.—(AP)—Nine Japanese planes today bombed Hankow, the great port of the middle Yangtze river valley, killing approximately 100 persons and wounding twice as many.

In Shanghai, the worst cholera epidemic in the city's history was reported spreading through Japanese army units attacking Chinese defense lines to the northwest.

About 200 Japanese troops were said to have died of the dread plague in the Paoshan sector, 20 miles northwest of Shanghai, on the extreme northwestern flank of the battle front.

An additional 300 have been established definitely to have the disease.

Report Fierce Battle
Meanwhile Chinese military authorities reported a fierce three-day battle at Lofien, just a few miles toward Shanghai from Paoshan, had wiped out five of the six battalions in the Japanese Takashi detachment.

Japanese naval authorities today again warned all Americans and other foreigners in Nanking to stay clear of the military objectives which they said Japanese warplanes would continue to bomb.

Nanking was again spared bombardment today, the second day since Japanese air raiders have appeared over the capital.

A few machines flew over Canton at 4 A. M., dropping four bombs; a large piece of shrapnel fell on the Italian consulate at Tungshan where the consul is still maintaining an office.

PAOTINGU FALLS
Peiping, Sept. 24.—(AP)—The Japanese army announced tonight that Paotingfu, Chinese stronghold 80 miles southwest of here, had been captured and its Chinese garrison annihilated.

Mopping up operations at Paotingfu were completed at 1:30 P. M., the Japanese announced. All resistance in the city, capital of Hopeh province and key points of the Chinese defense system in central Hopeh, was declared at an end.

Early today the Japanese had completely enveloped the walled city, containing a population of 100,000. While the attack was pushed from the north and west, strong Japanese forces waited at the south gate.

As the Chinese troops attempted to flee southward they were slain, said Japanese dispatches.

No figures of casualties were given, but it was strongly indicated there were no survivors of the Chinese garrison.

Walls Battered In
Paotingfu was surrounded by the victors early today. Then assault units, supported by heavy artillery and airplanes, advanced to seize the northern and western gates in the city's ancient 50-foot walls.

A breach was also smashed.

Parted Company

Drummond, Wis., Sept. 24.—Roy Gore, night watchman at the Pison Lake CCC camp, hereafter will call out the traditional "halt, who goes there?" before he attempts to stop any more night prowlers.

Gore saw a shadowy form trying to slip into camp after curfew. He ran forward, and wrapped his arms around an indignant, five-foot black bear. Gore ran one way, the bear another.

Chiang-Kai-Shek Demands United
States Support Chinese Cause

Nanking, Sept. 24.—(AP)—Generalissimo Chiang Kai-Shek, premier of China and commander-in-chief of the army, declared today the United States was obligated by her treaties "to support China's struggle against Japanese aggression."

The generalissimo was visibly moved as he talked to American correspondents in the Chinese capital. His remarks were translated by Madame Chiang, his American-educated wife.

Shortly before the official Chinese central news agency had expressed on behalf of the government appreciation for the American protests against Japanese bombardment of Nanking, adding "but we hope more positive measures will be adopted against the slaughter of innocent non-combatants."

The premier declared "America's

Suggestions

F. X. Newcomer, chairman of the committee to which the will of the late George C. Loveland entrusts the responsibility of erecting the Loveland memorial community building, for which Mr. Loveland left his estate, stated this morning, in response to a question, that he was very pleased to read the suggestions made by Louis Pitcher, president of the Dixon park commission, in a recent article in The Telegraph. He added that he had wondered why more Dixon citizens had not expressed their views about this matter, which he said, would be welcomed by himself and his associates.

PACKED COURT IS
GIVEN STORY OF
DENHARDT'S DEATH

Denhardt Defender Is
Called As Witness

Shelbyville, Ky., Sept. 24.—(AP)—Rodes K. Myers, before a courtroom jammed with spectators, described today the slaying of Brig. Gen. Harry H. Denhardt here on Monday night on the eve of his second trial charged with murder of Mrs. Verna Garr Taylor.

Myers, an attorney who had helped defend the portly Ex-Lieutenant Governor and Ex-Adjutant General at his first trial which ended in a hung jury, was called as the first witness in the examining trial of Mrs. Taylor's three brothers, Roy, Jack and Dr. E. S. Garr, charged in a warrant with murder of Denhardt.

He testified he and Denhardt started back to a hotel the night of the shooting and added:

Stood Near Car
"As we neared the middle of the street, I saw three men standing outside a car parked on a side street."

"They were Dr. Garr, Roy Garr and Jack Garr."

"I said, 'General, there are the Garr boys.'"

"The General took a rapid step toward the hotel."

"Roy Garr ran toward the hotel, while Doctor Garr started toward us."

"Just then two shots were fired while the Garrs were about 25 feet away."

"There was a pause after the second shot."

Myers said he did not know which of the Garrs fired the first shots but that Jack did not have a gun.

Roy Garr went up to the General and fired a shot as he stood over the General," he continued.

Visit Here After
Plane is Forced
Down at Scarborough

Mr. and Mrs. Fred Swinson and his brother, Stanley of Pratt, Kas., traveling in a Stinson plane, owned and piloted by the former, was forced down in a field near Scarborough yesterday afternoon about 5 o'clock by a heavy wind storm. They were enroute from northern Michigan to Rock Island where they planned to visit relatives over the week end. The plane was undamaged and last evening shortly after 6 o'clock, they landed at the Dixon Municipal airport.

Mrs. Swinson and Mrs. Allen Wade, living north of Dixon, were former school mates and the plane passengers proceeded to the Wade home where they remained today, awaiting suitable weather to continue their trip to Rock Island and from there to their home at Pratt, Kas.

DROP IN CORN,
PRICE RALLY
BOASTS TENSION

Manipulation Charge in
September Contract
Adds to Tempest

Chicago, Sept. 24.—(AP)—Approach of the deadline for settlement of the September corn deal in the Chicago market heightened tension in the pit today despite a steep six cents drop in price of the contract as a result, partly, of the biggest receipts of corn here in months.

September corn tumbled to \$1.05 1/2 soon after the opening, or 6 1/2 cents below Thursday's close, but just before trading ended rallied sharply about five cents to close at \$1.10 to \$1.11, showing wide differences in prices quoted in various sections of the pit.

Charles of alleged manipulation in September corn added to the tempest of controversy stirred up by the prolonged struggle between opposing interests in the delivery. This charge was contained in a formal statement issued by the Farmers' National Grain Corporation, a leading co-operative.

Industrial Users Sell
Receipts of corn were estimated at 258 cars, the biggest single day volume in a long time. At the same time reports were circulated that further big arrivals of corn in Chicago had been arranged for, with much of this corn coming from industrial users who were closing their plants temporarily until new corn is available.

According to one report, included in today's receipts were 44 cars of old No. 2 yellow corn from Decatur, Ill. The A. E. Staley Manufacturing Co., Decatur, was understood to have sold out its entire inventory of old corn to Chicago brokers and to have closed its corn refining plant temporarily.

A. E. Staley, Sr., chairman of the board, said the company expects to resume normal operations the week after next and with an ample supply of new corn and reasonable prices we expect satisfactory operations for the remainder of the year."

DUCE AND HITLER
TO MAKE UNITED
PLEA FOR PEACE

Munich, Germany, Sept. 24.—(AP)—Informed sources disclosed today Premier Mussolini and Chancellor Hitler had agreed to make a joint world appeal for peace when they speak Tuesday at the close of a huge demonstration in Berlin.

Mussolini, en route to Munich today by special train for what is regarded in diplomatic circles as a highly-important meeting with Germany's Fuehrer, was said to have completed his speech on the subject.

Italians in position to know said Il Duce's speech and Hitler's would constitute a mutual message of peace which might form the basis for lasting understanding in Europe.

Dead Blind Man's
Guide Questioned

Taylorville, Ill., Sept. 24.—(AP)—States Attorney John W. Coale of Christian county said today Harry Allen of Pana may be subjected to a lie detector test in an effort to clear up certain phases of his account of the death of Arthur Eakles, 54-year-old blind man.

Eakles was burned to death Tuesday night near Pana in the cab of a flaming truck. Allen, who police said was found nearby in a hysterical condition, was held for questioning. He had been acting as Eakles' guide.

Corn Belt Farmers
To Study Problems
Of Southerners

Kansas City, Sept. 24.—(AP)—Farmers from 10 states—about 150 in number—gathered today for a tour to "enable northern corn-belt farmers to acquaint themselves with the agricultural problems of the southern farmer."

The tourists are from Missouri, Illinois, Minnesota, Iowa, Ohio, Indiana, Michigan, Wisconsin, Nebraska and South Dakota.

The group will be met Sunday at Dallas by a delegation of Texas farmers for a visit to the cotton and livestock section of north Texas.

Fairfield Woman
Dies Of Injuries
In Fall From Auto

Fairfield, Ill., Sept. 24.—(AP)—Word was received here today that Mrs. Frank Rawlings, 49, of Fairfield, died last night in the Jacksonville, Ill., hospital of injuries suffered three weeks ago when she fell from an automobile when the door came open. She was a sister of Dr. W. W. Simms, St. Louis surgeon.

PLANNING MATCH
It was rumored this morning that Grant Hayden, who has just returned from a very successful training season in Florida, will meet Frank Dasebach, Sr., in a bowling match "for blood" in the very near future.

NEW TIME CARD
The new time card which will go into effect on the Chicago & North-western railway Sunday with the end of daylight saving time in Chicago, is published in this issue of The Telegraph and should be clipped and saved by patrons of the road.

REWARD OFFERED
No trace has been found of the heavy bronze descriptive marker which was removed and stolen from Lowell park earlier in the week. The park board today announced a reward of \$25 for the apprehension of the thieves and the return of the marker, which is valuable only for the purpose intended.

TO INSPECT SCHOOLS
Claude E. Vick, chief assistant in the office of the state superintendent of public instruction at Springfield, and his associates, will spend four days in Lee county next week inspecting high schools and other rural schools requesting an inspection. They will start on the inspection tour Monday morning and remain in Dixon through Thursday.

FOUND DEPENDENT
At a hearing conducted before Judge Leon Zick in the county court today, the four children of Jacob Madison of his city, ranging in age from 4 to 12 years, were declared dependent by the court and ordered committed to a suitable home. Several neighbors were present in court and testified of conditions in the Madison home. The father of the children opposed the dependency proceeding, but Judge Zick entered the order in behalf of the children's future welfare.

Share Insurance
Granted Bank In
Chillicothe, Ill.

Washington, Sept. 24.—(AP)—Nugent Fellow, general manager of the federal savings and loan insurance corporation, announced today it had granted share insurance to the Peoples Bank and Loan Association of Chillicothe, Ill., the first state-chartered institution of its kind in Illinois to be approved for such protection.

The insurance is for the protection of savings accounts in thrift and home financing institutions, up to \$5,000 each. The insurance corporation, a \$100,000,000 governmental agency, was created by Congress in 1934.

Fallon said several other state-chartered associations had applied to the federal home loan bank of Chicago for the insurance. In all the states 1,803 associations have the insurance.

The insurance corporation said the Chillicothe association had \$485,101 assets and investment shares totaling \$262,973.

Three Governors
Advance Against
Their Prey in Rain

Madison, Wis., Sept. 24.—(AP)—It was a good day for ducks, and maybe the fish didn't mind, but Governors La Follette, Horner and Kraschel were not pleased with the weather when they started for northern Wisconsin today on a fishing trip.

A cold rain was falling when the governor's party, traveling in seven cars, left the governor's mansion for their "battle with the muskies". They headed for State House at Trout Lake, one of the field headquarters of the conservation department.

The party was expected to return late Sunday.

Intrigue Scented in Mussolini's
Olive Branch to Britain, France

By The Associated Press
London, Sept. 24.—An authoritative source asserted today Premier Mussolini had promised Britain and France he would send no more "volunteers" to Spain, making possible Italian entrance in the Anglo-French diplomatic front and a new balance of power for Europe.

While Britain and France were keenly anxious to accept Italy's advances at face value they could not help but look for a possible snag. A definite feeling of optimism prevailed in foreign office circles but it was tempered by a slight suspicion of Il Duce's motives in presenting a startling assurance regarding Spain.

His sudden willingness to promise that no further troops should be sent to aid the Spanish insurgents—coming on the eve of his departure for an important conference with Chancellor Hitler of Germany—caused many observers to wonder whether Italy was preparing some new and surprising move.

Some British observers—and Rome dispatches bore this out—were frankly considering Mussolini's gestures of co-operation with Britain and France and England as a method of strengthening his position to drive a harder bargain with Hitler.

The authoritative British source said Italy had given both Britain and France a definite promise no more Italian troops would go to Spain if the three powers could agree, among other things, on Italian demands for parity with Britain and France in the Mediterranean anti-piracy accord reached at Nyon.

Stores Close

President Charles Miller of the Chamber of Commerce and Harry Beard, chairman of the merchants' division of that organization, announced today that Dixon retail establishments will close between the hours of 2:30 and 3:30 o'clock tomorrow afternoon as a tribute to the late John J. Ralston, former president and director of the Chamber and leading Dixon citizen, whose funeral will be held at St. Luke's Episcopal church at that hour. The city's two banks will close at 2 o'clock for the rest of the day.

SEEK TO RESTORE
SALARY CUT TO
STATE DOCTORS

File Mandamus Suit in
Sangamon
Court

Springfield, Ill., Sept. 24.—(AP)—A mandamus suit seeking to compel the public welfare department to restore a 10 per cent salary cut to 50 physicians in six state hospitals and two penal institutions was on file today in Sangamon county circuit court.

The action was brought in a mandamus suit through attorneys here by junior and senior physicians in the Jacksonville, Manteno, Kankakee, Elgin, Dixon and Peoria state hospitals, the Geneva school for girls and the St. Charles school for boys.

Public Welfare Director A. L. Bowen, was named chief defendant, with Auditor Edward J. Barrett and Treasurer John C. Martin as co-defendants.

The complainants contend that from 1934 to 1937 inclusively their salaries, ranging from \$150 to \$170 a month with automatic annual increases of \$5 were slashed 10 per cent and that Bowen agreed some time ago to restore the cuts.

They contend further that other department employees have had their wages restored.

DIRECTOR COMMENTS
Chicago, Sept. 24.—(AP)—A. L. Bowen, state public welfare director, commenting on a mandamus suit filed against him and two other state officials in Springfield, said today the last session of the legislature restored a 10 per cent salary cut to the physicians in state institutions who brought the suit.

He said it was his understanding the plaintiffs sought to regain the money lost to them during the time the cut was in effect.

Bowen described the action as a "cheap trick" and said the physicians were "treated better" than any other officers of the state hospitals and penal institutions.

Negro Charged With
Keeping Disorderly
House South of City

Leroy Beatty, Negro, was arrested this morning by Sheriff Ward Miller and taken before Judge Leon Zick in the county court on an information filed by the sheriff charging him with keeping a disorderly house. Beatty indicated to Judge Zick that he desired a jury trial, whereupon his bail was fixed at \$1,000 and the hearing continued until the December term of the county court. In default of bond, Beatty was taken to the county jail.

The sheriff's action was said to have resulted from a visit to the Beatty home south of the city on the Pump Factory road last night. Sheriff Miller stated that his office had been in receipt of numerous complaints of the conduct of the Beatty place where two Negro women were found upon his visit last evening.

U.S. NAVY TO
REMAIN NEAR
CHINA PORTS

Formal Notice Given
Out Today by Navy
General Board

Washington, Sept. 24.—(AP)—The United States Navy served formal notice today that its Asiatic fleet will remain in Chinese waters "as long as the present controversy between China and Japan exists."

This statement was issued by the Navy department as a formal announcement of Admiral Harry E. Yarnell, commander-in-chief of the Asiatic squadrons.

It was made public after a meeting of the navy general board, the highest policy-making body of the navy department. Presumably it had the full support of the state department.

The admiral's announcement said the navy's policy of maintaining warships at ports, where needed for the protection of American nationals "will continue in full force after our nationals have been warned to leave China and after an opportunity to leave has been given."

Their Only Livelihood
"Most American citizens now in China," the statement said, "are engaged in business or professions which are their only means of livelihood. These persons are unwilling to leave until their businesses have been destroyed or they are forced to leave due to actual physical danger."

"Until such time comes our naval forces can not be withdrawn without failure in our duty and without bringing great discredit on the United States navy."

BRITISH REPRESENTATIONS

London, Sept. 24.—(AP)—Sir Robert L. Craigie, British ambassador to Japan, was instructed today to make strong representations to the Japanese government against the bombing of non-military objectives by Japanese air forces in China.

Official sources disclosed the ambassador had been told to express the sorrow felt in Great Britain at what British officials characterized as the deplorable loss of life among the civilian population during aerial bombardments of Canton.

Japanese air fleets carried out a series of raids on Canton, Great metropolitan of South China, Wednesday and Thursday, killing and wounding at least 2,000 persons, nearly all civilians.

Previously the British government had made representations to Tokyo concerning the Japanese threat to subject Nanking, the Chinese capital, to destructive bombing operations.

(The United States formally protested the Nanking bombings, and France, Italy, Russia and Germany also made representations.)

JACKRABBITS TO OPEN WISCONSIN GRID CAMPAIGN

Defeated Badgers In 1935
By 13 To 6 Decision

With the opening of classes and the end of the two-day practice schedule, Harry Stuhldreher, University of Wisconsin football coach, is concentrating on polishing an attack for the Badgers' first real test when they meet the hardy Jackrabbits of South Dakota State college at Camp Randall, in the opening game of the 1937 season.

As so frequently happens when an apparently well-conditioned squad jumps into heavy work, with two-hour drills a day, the Badgers looked pretty sad in their first scrimmage game last Saturday—the eighth day of their practice. Several veterans were on the bench because of minor injuries, the week of cool weather had made it difficult to work the soreness out of stiff muscles and generally speaking, the Badgers were, as Stuhldreher said, "sorely disappointing."

This week, however, has seen a distinct change for the better. The backs and ends are still nursing many superficial bruises and, as a result, will be scrimmaged little this week. The linemen, however, are in good shape and because of the number of inexperienced forwards who must be used, they have been drilled intensively. Trainer Walter Bakke has put in overtime on the cripples and now expects that practically all will be ready for action against the Jackrabbits.

Wholesome Respect

Coach Stuhldreher has a wholesome respect for South Dakota State, which defeated the Badgers, 13 to 6, in 1936 and threw a bad scare into them last fall, when Ed Lienhart, rugged Jackrabbit captain, ran back the opening kickoff for a touchdown. Wisconsin eventually won, 24-7, but only after a hard game. Because of these events, Stuhldreher had the Jackrabbits scouted in their opener last week and Line Coach Bob Reagan and George Fox, new end coach, brought back a disquieting report of the team which Coach "Red" Trelfall will be able to start eight men Saturday, who were regulars in 1936. Only Lassen, center, Barber, full back, and Lienhart, half-

back, are missing and the Jackrabbit squad includes 30 out of 33 men who played last fall. Several of the veterans have improved greatly and the sophomore replacements—especially in the backfield—are most promising. Lloyd Ptak—pronounced "Tack"—is said to be a better fullback than Barber, who is now playing with the Cleveland Rams in the National pro league.

The South Dakota State line was good last year and every position will again be filled by a letterman—most of them regulars. The ends are very good and Bob Pylman, 216 pound tackle, and Nick Dragash, 190 pound guard, are good enough for any Big Ten team, according to the Badger scouts. The Jackrabbits ran up 40 points on Mankato Teachers last Saturday, using only the simplest plays and but four forward passes, which definitely stamps their defense as formidable.

Stuhldreher Hints Changes

After Saturday's sad practice exhibition, Stuhldreher hinted of possible changes in the tentative first team but they have not been greatly in evidence this week. The team which the sideliners call the first eleven—but which Stuhldreher will not designate—has had Neil Pohl at center; Wallie Cole and Bill Davies, guards; Abe Soref and Bob Eckl, tackles; Jim Riordan and John Loehrke, ends; Ery Windward, quarterback; Bill Schmitz and Roy Bellin, halfbacks, and Howie Weiss, fullback. Eckl, Riordan and Schmitz are sophomores.

Fred (Hooks) Benz, senior end, was named Monday to act as captain in the opening game but, because of injuries, may not be used much, which may explain his drilling with the second eleven this week. Gene Brodhagen, only letterman at tackle, is still held out of practice by a minor injury.

By custom, the opening clash at Wisconsin is designated the "Boys' Day" game, all boys of high school age and under being admitted free. About 12,000 junior Badger fans are expected.

BARBERS INDICTED

Quincy, Ill.—(AP)—Twenty-seven barbers were indicted by the grand jury on charges of "riotous assault" after one shop owner, Madison Lee Ballard, testified he was "set on and beaten" during a drive to unionize all shops last June. Ballard claimed he was attacked because of his refusal to charge union prices.

DOPE POT TILTED FOR FIRST GAMES; GRIDIRON FRONT

Expert Goes Out On Limb With Little Information

By HERBERT W. BARKER

New York, Sept. 24.—(AP)—It's a trifle like popping away at a pugnacious puma with a cap pistol, but this football guesser returns to the old stand hoping the pigskin parade holds to an even keel until a little authentic information can filter through the interesting, if true, contributions of the press agents.

Without further shilly-shally, this is how the opening program looks from the hopeful, but not confident, corner:

Ohio State-Texas Christian: That strange lack of bally-hoo from the Columbus sector may be ominous but we'll take the Christians.

Washington-Iowa: Irl Tubbs seems to be starting almost from scratch at Iowa. The choice is Washington.

California-St. Mary's: California.

Stanford-Santa Clara: This hunch vote rides with the Cardinals.

Cornell-Penn State: We'll take Cornell until it's proved the professors have tagged too many of the big red's stars for classroom deficiencies.

U. C. L. A.-Oregon: U. C. L. A. Temple-Virginia Military: Temple should provide 66-year-old Pop Warner with the 360th victory of his 43-year coaching career.

Illinois-Ohio University: Illinois' old master, Bob Zuppke, will try to show his one-time pupil, Don Peden, a thing or two. The Illini, but it probably will be close.

Pittsburgh-Ohio Wesleyan: This Pitt array may be better than last year's which spells bad news for the Methodists.

Vanderbilt-Kentucky: Vanderbilt.

Duke-Virginia Tech: The Dukes seem to have too much map-power for Tech.

North Carolina-South Carolina: North Carolina gets the call.

Touchdown Practice Minnesota-North Dakota State: The Gophers get touchdown practice.

Indiana-Centre: Not much to choose but we'll take Indiana.

Tulane-Clemson: Tulane but not by much.

Tennessee-Wake Forest: No

predictable trouble here for Bob Neyland's powerful Tennessee Volunteers.

Holy Cross-St. Anselm: Holy Cross.

Navy-William & Mary: Doesn't look like more than a workout for the Tars.

Purdue-Butler: Butler was one of the few undefeated teams of '36 but played no Purdues.

Wisconsin-South Dakota State: The most improved team in the Big Ten to start off on the right foot.

Louisiana State-Florida: Florida's improved but hardly enough to cope with L. S. U.

Texas-Texas Tech: They picked a tough one for Dana Bible's inaugural as Texas coach but the Longhorns may get by.

Skipping over the chalklines otherwise: Duquesne picked over Waynesburg; Georgia Tech over Presbyterian; Centenary over Oklahoma City; Colgate over St. Lawrence; Dartmouth over Bates; New York University over Penn. Military; Alabama over Howard; Southern California over College of Pacific.

A regular meeting of the Rochelle Business & Professional Men's Association will be held at the Rochelle Town and Country club next Tuesday evening, September 28. Dinner will be served at 6:30 p. m. One of the principal items of business to be discussed will be the presentation of the report of the Farmers picnic. Reservations for the dinner should be made with Paul O'Neill, secretary of the Rochelle Business and Professional Men's association.

Mrs. Roland Avery entertained her bridge club of De Kalb at a dessert luncheon, Monday afternoon.

The Come Double class of the Presbyterian church held a 6:30 dinner in the parlors of the church Monday evening. There were twenty-four present. The annual election of officers was held after the dinner. Officers elected were: Mrs. Steven Helfer, president; Mrs. Vernon Smith, vice president and

Steven Helfer, treasurer. The class voted to spend \$5.00 towards the exterior painting of the church and \$5.00 towards the further improvements of the recreation room in the sub-basement. The treasurer's report showed that a picture show benefit netted the class \$46.55 and \$26.55 was used to furnish the exterior lighting at the church entrance and \$10.00 was given to the choir fund and \$10.00 to the church recreation room.

Richard E. Vernor, manager of the Fire Prevention Department of the Western Actuarial Bureau, will speak before the Men's club of the Presbyterian church of Rochelle, Thursday evening, September 30. He is reported by the Chamber of Commerce of the United States as a person who has made a special study of community fire prevention and as one of the country's outstanding experts in this field. He has been active in the National Fire Waste Council and is well known as a speaker on this subject. The open forum method will be used so that any fire prevention problem may be answered. Fire Chief John Maxson is arranging part of the program inasmuch as the following week is Fire Prevention Week. Reservations may be made through Floyd Bienfang.

Governor Henry Horner notified the committee in charge of the bridge dedication September 24 that he would arrive in Rochelle at 5 p. m. on that day and would leave this city at 10 p. m. that night. With the news that the Governor of Illinois would be present at the celebration which marks the completion of the Kite Creek bridge, the Democratic organization of the county announced that Governor Horner will be guest of honor at a banquet at the Rochelle Town and Country club preceding the parade and formal bridge dedication. A competitive drill for Junior Drum corps has been arranged as part of the dedication program and large cash prizes will be awarded the winners. Six or seven different towns are expected to enter the competition. These corps will also take part in the parade. Rules governing the parade entrants are as follows: The commercial class will be identified by a name on the float representing the organization. The private class will be identified by a number on each car. The commercial class has a large list of entries, but entries in the private class are not so heavy. Judges for these events will be from out of town. The parade will form on Sixth street at 6:30 p. m. Friday evening and all entrants are requested to be there on time. The parade will start at exactly 7:30 p. m. and the

entrants and various units are expected to be in their proper positions long before that time. A fine fireworks display will be another feature. The entire city council will be on hand to welcome the representatives from surrounding towns and state officials who will attend the dedication. T. L. Schade, city commissioner, heads the committee assisted by Paul F. O'Neill and Wilbur Antoine.

A number from Rochelle attended the Presbytery and Presbyterial at Waterman, Tuesday, including Rev. and Mrs. Frank A. Campbell, Mrs. Henry Johnson, Mrs. John H. Russell, Mrs. W. F. Boltman, Mrs. Roland Avery, Robert Brundage.

Mr. and Mrs. Frank D. Thorp and Mrs. I. F. Sullivan expect to drive to Rochester, Minnesota, leaving Monday, where Mr. Thorp will enter the Mayo Bros. clinic for diagnosis.

The state nurse, Miss Nichol, attended the Service club meeting held at the home of Mrs. Fred E. Gardner, Wednesday evening, and talked on the immunization program now being carried on here for school and pre-school children.

Installation of new officers of the Knights of Columbus, Rochelle council, took place at a meeting of the organization, Tuesday evening, Sept. 21. The new officers were inducted into office by Andrew J. Doyle, district deputy. Cards and lunch completed the program. Future activities of the council include a Columbus day celebration October 12 and a carnival dance and Thanksgiving, November 25. Present officers of the Knights of Columbus are Francis J. Connolly, grand knight; Paul H. Henry, deputy grand knight; William T. Hayes, finance secretary; Wilbur Herrmann, recorder, and Paul F. O'Neill, treasurer.

The sweet corn pack ended at the California Packing Corporation plants here Tuesday. The pack is considered successful. The plants, however, will not close down as yet, there being blended carrots and peas yet to can, as well as the pumpkin crop. The sweet corn pack this year was a little above normal.

Members of the school board of district No. 131 are planning to drive to Oregon, Dixon, Rockford and other cities who have recently constructed new schools or community buildings. Thursday afternoon of this week, Ashton will also be another stop. A regular meeting of the school board will also be held on Thursday.

Playoff Series Front Moved To Milwaukee Park

Columbus, O., Sept. 24.—(AP)—The American Association final playoff series scene moved to Milwaukee today with the count Columbus 2, Milwaukee 1.

After dropping the first two games here, the Brewers rallied last

night for a 3 to 0 decision over the Red Birds with Ralph Winegarner narrowly missing a no-hit achievement. The two hits to young right-hander allowed came in the ninth inning. Max Macon and Lynn King nipping him for singles.

The playoff victor of four games will compete in the "Little World Series" against the International league winner.

FEEDING HUGE ANIMAL CARGO CONSTANT JOB

Two Thousand Birds, Beasts Brought From Jungles

Washington, D. C.—Feeding a cargo of animals is an all-day job for the homeward-bound National Geographic Society—Smithsonian Institution East Indies expedition which is bringing to the United States over two thousand birds and beasts. After collecting its strange cargo in tropical Asia, particularly Sumatra, the expedition staff has reported from its floating zoo that "bringing 'em back alive" requires more work than capturing them.

The animals are on board the S. S. Silverash in the eastern Atlantic, in charge of Dr. William M. Mann, leader of the expedition, who is also director of the National Geographic Park in Washington. With him are Mrs. Mann, two American zoo experts, and an East Indian native animal collector and keeper brought along to help out during the voyage. The Silverash is expected to dock in New York September 25.

Consume Tons of Food
At Singapore, before starting for home by way of the Indian Ocean and the Mediterranean, the expedition took on board thousands of pounds of foodstuffs ranging from frozen fish and beef, bananas and green corn on the cob, to evaporated milk and strained honey. As the animals ate away the mountains of food, additional supplies were taken on wherever the ship stopped enroute.

One item on the food list was coarse salt to serve as appetizer for the hoofed passengers, including Asiatic species of sheep, cattle, pigs, and deer, some of them of a dwarf variety. Fresh cut grass served as breakfast food for this group of beasts, and imported hay (East Indies hay is of poor quality) for their main course at dinner.

Frozen fish, bought by the hundred pounds, tempts the appetite of alligators of which southeastern Asia contains the only species found outside of America. "Waiters" at alligator cages must fool their charges into eating food not caught and killed in person; a fish is dangled before a gator on the pointed end of a stick, and the creature snaps it up under the impression that he is "catching" it.

Snakes Like Eggs
Eggs are a favorite dish for many of the animals, including the snakes. After meals some of the snakes may bulge with eggs swallowed raw and whole and distributed along their bodies like knots on a rope. Some of the tropical snakes are not tempted by even the choicest dishes; frequently they react to the chill of ocean voyages or less torrid climates by losing interest in their food and becoming torpid.

tically all the zoo ship's birds and beasts, includes oranges and apples by the crate, and many pounds of big melonlike tropical papayas. But bananas are the staple fruit aboard. Bunches of green bananas were piled high among the ship's provisions when it left the East Indies. As fast as they ripen, they are passed around on the animal deck, sliced or whole.

Among the best patrons of the fruits are the many varieties of birds. Some of them have a "sweet tooth" and in addition are given a sip of strained honey. The birds of paradise in the group nourish themselves on a distinctly earthy diet of fruit, boiled egg, and bread crumbs mixed with greens. The hornbill can catch his dinner on the fly; bits of meat rolled into balls are tossed to him in his cage. Other creatures also, such as lizards, which were accustomed to catching insects at home, accept ground cold storage beef or boiled liver as a substitute on the high seas.

For the greenstuffs necessary to balance diets, the zoo ship serves lettuce, stringbeans, boiled peas, and cabbage, as well as grass and hay. The vegetables, with a ration of meat or egg, give variety to the animals' menu, pep up the appetites of pining captives, promote good behavior and good coats. Standard starchy foods are boiled rice and coarse "zoo bread," fed to the monkeys and birds.

Among the chef's best customers on this modern Ark are the passengers in the monkey cages. Some of the monkeys have cheek pouches, which they hastily stuff with double portions of bananas or boiled beef to be chewed reflectively long after the lunch-hour scramble is officially over. Monkeys, like children, need to be teased into eating what is good for them, so their diet is varied as much as possible. Often their food is liberally spiced with pound after pound of large fragrant onions.

TUBERCULOSIS TOO SERIOUS TO TAKE LIGHTLY

The person who is told by his physician that he has tuberculosis and who refuses to follow the doctor's advice is as foolish as a person who drives onto a railroad crossing when the red lights are flashing, according to the Illinois Tuberculosis Association.

This statement comes as the result of several recent reports of persons who refused to accept the scientific evidence that they had active tuberculosis and who pursued lives of activity until they became bedfast and until it was too late to cure the disease. Beginning tuberculosis does not have physical symptoms that the patient can recognize and, as a result, some people refuse to believe the X-ray evidences of the disease. Early tuberculosis is more easily curable, and when treated at once usually results in comparatively rapid recovery. The more advanced tuberculosis is when treatment is started, the more expensive is the cure, both from the standpoint of tax money expended and from loss of earnings on the part of the patient. Most cases of early tuberculosis can be cured and the individual can look forward to a normal life of economic usefulness.

SURGEONS CHOOSE CHICAGO LOCALE FOR ANNUAL MEET

Specialists From Many Countries to Meet in City

Chicago, being one of the great medical centers of the world, has been chosen by the world's greatest surgical organization, the American College of Surgeons, as the locale for its 27th Annual Clinical Congress which will be held October 25 to 29 with headquarters at the Stevens hotel. Some 3,000 of the world's leading surgeons, with their families, and a large number of hospital representatives who have been invited, are expected to attend. The city's five great medical schools and its splendidly equipped hospitals and clinics will be inspected by the visitors.

Some sixty of the hospitals in Chicago are on the Approved List of the American College of Surgeons. About three-fourths of these, together with the local clinics and medical schools, will participate formally in the program of the congress by holding pre-arranged operative clinics and demonstrations. These will present a complete showing of the clinical activities in all departments of surgery.

Chicago Surgeons in Charge
A committee of Chicago surgeons headed by Dr. Vernon C. David, chairman, and Dr. Michael L. Mason, secretary, is in charge of local arrangements. A. D. Bailou is general manager of the congress. The American College of Surgeons has its administrative headquarters in Chicago, at 40 East Erie Street. A Chicago surgeon, the late Dr. Franklin H. Martin, conceived the idea of the Clinical Congress, and the first congress was held in Chicago in 1910. Three years later under his leadership a group of prominent surgeons formed the American College of Surgeons, and its first convocation was held on November 13, 1913, in Chicago. In 1917 the Clinical Congress of Surgeons of North America, which had held annual clinics and sessions in various large cities since its inauguration in 1910, was amalgamated with the College and ever since has been known as the Clinical Congress of the American College of Surgeons. The College now has a fellowship of about 12,000.

Round Table Discussions
Specialists in many fields of surgery, some of them from foreign countries, will present at the general sessions of the Congress to be held in the Stevens hotel, their newest discoveries, innovations in technique, and ideas for further study and research. Addresses will be given and round table discussions held covering not only the practice of surgery and treatment before and after the operation, but also the ethical, social and humanitarian aspects of the surgical profession.

Impressive inaugural and convocation ceremonies are planned for Monday evening, the 25th, in the ballroom of the hotel. The annual oration on surgery will be delivered by J. P. Lockhart-Mummery, M. B., B. Ch., Fellow of the Royal College of Surgeons, London, England. His subject will be, "The Surgeon as a Biologist." The retiring president, Dr. Eugene H. Pool of New York, will speak on "The American College of Surgeons in the Training of a Surgeon."

The new officers of the college, who were elected at the 1936 congress held in Philadelphia, are Dr. Frederic A. Besley of Waukegan, president; Dr. Frank W. Lynch of San Francisco, first vice president; and Dr. Austin B. Schinbein of Vancouver, British Columbia, second vice president. Dr. George Crile of Cleveland is chairman of the board of regents and of the executive committee of the college. Members of the advisory council are: Drs. John M. T. Finney of Baltimore and Charles H. and Wil-

liam J. Mayo of Rochester, Minnesota.

Several Hundred Initiates
Fellowship in the college will be conferred upon several hundred initiates who have met the qualification requirements.

The American College of Surgeons is composed of practitioners who have attained specific professional standing, involving definite training in approved institutions, a certain number of years of active surgical experience, and adherence to a prescribed code of ethics which includes prohibition of the practice of division of fees.

Representatives of foreign countries besides Mr. Lockhart-Mummery who will take part in the program in Chicago include: Professor Wolfgang Rosenthal, Leipzig, Germany; Professor Innes Wares Brebner, M. B. E., Johannesburg, South Africa; Dr. R. L. Girdwood, Johannesburg, South Africa; Dr. A. Van Tienhoven, Maracaibo, Venezuela; Dr. Pascual Vero, P. A. C. S., Montevideo, Uruguay; Professor W. A. Osborne, Dean of the Faculty of Medicine, University of Melbourne, Australia; Honorary Fellow, A. C. S.; Dr. J. Cuming Stewart, M. B., F. R. C. S., Malvern, Australia; Philip Franklin, Honorary Fellow, A. C. S., London, England.

Expect 5,000
In addition to the surgeons and their wives and families who will attend the congress, several hundred hospital executives, librarians and other interested persons are expected, bringing a total of some five thousand persons to the city, according to Mr. Bailou, who announces that each afternoon bulletins will be posted in the Stevens hotel listing the clinical program for the following day, and each night a daily program will be printed for distribution in the morning. Attendance at the various clinics will be limited.

The twentieth annual hospital standardization conference of the College will be held during the first four days of the Clinical Congress, and a list of approximately 2,600 hospitals in the United States and Canada which are on the 1937 approved list will be made public. This list is revised each year through continual surveys by the staff of the college. Approved hospitals in the Chicago area will demonstrate their methods of operation to the visitors. On the speakers' list for the conference are some fifty authorities on hospital administration and operation.

A conference on graduate training for surgery is scheduled for the afternoon of October 27; also one on obstetrics and gynecology.

Subject of Cancer
The subject of cancer, as befits its importance, figures prominently in the program of lectures and clinics, and a report will be rendered of the extensive research work of the college in collecting and classifying the result of x-ray, radium and surgical treatment of cancer. This report will include figures on five-year cures to be added to the 24,440 five-year cures reported by the college in 1934. Special reference will be made to progress in the treatment of the type of cancer known as bone sarcoma.

Treatment of fractures is another clinical subject which will be extensively discussed and demonstrated because so much depends upon the manner in which the patient is handled at the scene of the accident as well as upon operative or other management.

Other types of injuries will also be covered in the many sessions and clinics devoted to traumatic surgery, with particular consideration of the kinds of injuries produced by industry and highway accidents and their treatment.

Plastic Surgery
Surgery of the eye, ear, nose and throat is among the other clinical topics such as neuro-surgery, thoracic surgery, plastic surgery, orthopedic, genito-urinary surgery, obstetrics and gynecology, physical therapy, and roentgenology, which will be emphasized.

An exhibition of surgical instruments and hospital equipment and supplies of all kinds, ligatures, dressings, and medical literature new and old, will be held in the Exhibition hall of the hotel. Also on display will be charts and graphs showing the results of research and the types of activities carried on by the American College of Surgeons.

Much of the flesh structure of the ancient animal is intact. It was preserved in the frozen muck of a creek bed.

Illinois Disciples of Christ to Meet in Big Convention

Lawrenceville, Ill., Sept. 24—(AP)—Almost 1,000 representatives of Christian churches in Illinois were expected to attend the 15th annual

Illinois convention of the Disciples of Christ, which will convene here Tuesday and continue through Thursday.

Resolutions outlining the stand of the church in the present European and Far Eastern war crises were expected to be acted upon. A five year program of advancement of the local church, outlined at five dis-

trict meeting in the state last week, was to be placed before the convention.

Speakers will include the Rev. Dr. Roy C. Snodgrass of Amarillo, Tex.; Dr. C. C. Morrison of Chicago, editor of "The Christian Century," and Dr. Stephen J. Corey, president of the United Christian Missionary society of Indianapolis, Ind.

LED LAST STAND OF THE AZTECS

THE invading hordes of Spanish Hernando Cortes pounded at the palace gates even as 18-year-old Cuauhtemoc stepped to the throne of the vast Aztec empire. And immediately the youthful leader moved to attack the enemies from across the sea.

Throughout the summer of 1521, Cuauhtemoc directed the defense of the city of Mexico. Then when his efforts at last proved fruitless, he sought escape from Mexico with his remaining followers. But Cortes captured all.

At first Cortes treated Cuauhtemoc with respect, seeking to secure information about the hidden stores of Aztec gold. But when the boy emperor stood firm they put him to the torture of a slow fire. And still Cuauhtemoc revealed nothing.

So Cortes began his long march across Honduras, taking the emperor with him as a hostage. Then word spread of a Mexican uprising and forthwith Cortes ordered Cuauhtemoc executed. This was done in February, 1525, and from that date the rapid extension of Spanish conquest from Mexico city began. Cuauhtemoc, last of the Aztec emperors, is portrayed on a 1915 Mexican stamp.

"EVERYTHING IS UPSIDE DOWN"

Cyrus Cole, an Iowa farm owner who retired voluntarily from congress to look on from the sidelines in Washington, interviewed at the capital by a representative of the Cedar Rapids Gazette, expressed his opinions concerning results of administration farm policies.

"This business of cotton loans is not going to help the producers in the long run," he said. "We are pegging the price so high we can't export our crop and will compel foreign nations to produce their own. In the end we won't have any place to sell our cotton. By the time we get through fooling ourselves we will find we have just framed ourselves out of our market."

"Corn loans are a little different proposition. We never have exported much corn except in the form of pork products and we can't lose our pork markets abroad, because they already are gone. Reciprocal trade treaties have invited everybody to come into our markets, and they have come."

"Look in grocery stores in Washington. Nearly all the canned corned beef they are selling comes from Uruguay or Argentina. They sell as many hams from Poland as from Iowa, and even some of my friends are fools enough to think that the Polish hams are better than those from Iowa and Illinois. Everything is upside down."

"When we're through with price pegging, we'll discover we must get our prices in line with the world prices unless we want to fence America in and raise only enough products for our own country."

Most of what Mr. Cole has recited consists of facts. Only a small part is opinion. We know of the lost cotton markets. We know that instead of exporting pork we are importing it. We know that "reciprocity" as practiced is only a high-sounding term for "trading off the American farmer in the interest of the seaboard."

We have been busy raising the price of everything the farmer has to buy, and the only way we are going to have left to compensate him for this new raid upon his interests is to shut our eyes to economic principles and write him a check on the United States treasury for the difference—what we have taken from him by law.

IF YOU MUST HAVE HARMONY ON THE TEAM, WHERE SHALL HE PLAY?

Dr. Irving S. Cutter, in his medical column in the Chicago Tribune, quotes three questions from a reader. The first is about calories, the second about Turkish baths, and the third is as follows:

"Recently you advised a correspondent, who wrote that she was overweight and knew she ate too much, to take a 'mild dose of self-control' before, during, and after each meal. Please tell me what is 'self-control' and is it harmful if one takes too much."

The doctor's reply is: "Strange to say, a number of readers have asked this question. Druggists here are 'out' of the article. I never have known harmful results to follow an overdose."

And some people wonder why elections go the way they do.

POLICEMAN'S HANDS ARE FULL

For the second time within the last few years Great Britain has assembled mighty fleets of war vessels in the Mediterranean, ready to cope with the Italian threat to Britain's prestige and communications, and for the second time Britain has found it tactically inadvisable to back up her demands. In the latter case the British boats were backed more or less wholeheartedly by French units.

All of this does mean that the British are afraid to fight. It merely demonstrates what happens when a policeman has too many beats to patrol at the same time.

As we understand it, Great Britain must not become deeply involved in the Mediterranean because that would force the empire to abandon, to a degree, its far eastern obligations. At the same time the British must not engage the Japanese, no matter what the potential threat to Hongkong, because it must watch the Mediterranean. Also our British friends must keep the decks cleared for action lest the nazi hordes come pouring across Belgium and into France, as in 1914.

This situation is understood all too clearly by Mussolini, Hitler, Hirohito & Co. There is a third party of undependable word who stands to profit by whatever action the British might take if pressed too far. If the British should stop Japan, the undependable party, namely Russia, would be secure in the east. If the British should stop Mussolini in Spain, Russia would have a counterpart in Spain. If the British should descend upon the Germans and reduce them to impotence, Russia would be secure on the west.

All of this makes it highly complicated for the erstwhile world policeman, who sees things going to pieces around him, but dares not take drastic action. Of course, if the policeman were to have the aid of the United States, we could get up another world war, whip the wadies soundly and make another peace, probably a

sane one with a redistribution of colonies and raw materials.

Assuredly a sane peace might be reached now by a redistribution of colonies and raw materials, plus a new trade understanding between the haves and the have nots, and this might be done without recourse to the firing of a single shot.

But the British and French are not willing to have it that way. They insist upon keeping things as they are, and things as they are seem intolerable to the underdogs, who would rather risk war than submit to them.

There is a deal of sentiment in this country against going to war to help the British or French, just as there was while Woodrow Wilson was campaigning on the issue that he kept us out of war. But if we do not get into the next World War, if it comes, it will not be because of pacifistic sentiment. It will be because the next war could have been avoided.

At the same time this country would find it advisable to ponder deeply before permitting Mussolini, Hitler, Hirohito & Co. to destroy the world policeman.

ARE PEOPLE MORE INFLUENCED BY HABITS HANDLED DOWN FROM THE PAST THAN BY THE DESIRE OF NEW WAYS AND HABITS? YOUR ANSWER —

2
IS A DAUGHTER MORE LIKELY TO THINK DAD AND MOTHER ARE MODELS THAN IS A SON? YOUR ANSWER —

"The keenest anguish known to human nature is the pain of a new idea." (Bagehot). We hope this column brings you pain.

Answer to Question No. 1

1. It is only the exceptional person who has the courage and intelligence, or the foolhardiness, to break with the past. Engineers have asserted that railroad tracks would be more efficient if the rails were farther apart. Their present width is due to the fact that the first railroad cars were modeled after wagons. In many similar ways we wear the shackles of the past.

Answer to Question No. 2

2. Yes, Everett D. DuVall, psychologist, measured the "distance" between parents and their children. Sometimes parents in the same home are millions of miles "distant" from their children. One question asked in this research was: "When you grow up would you rather be like your mother or father?" The answers showed that girls are more likely to think both dad and mother

are "all right" and want to be like them than are boys. Both the boys and girls wished more to be like their mothers than like their fathers. One sad finding was that in the poorer homes the "distance" be-

tween parents and children was much greater than in the better homes—the very place where parents and children should be the closest.

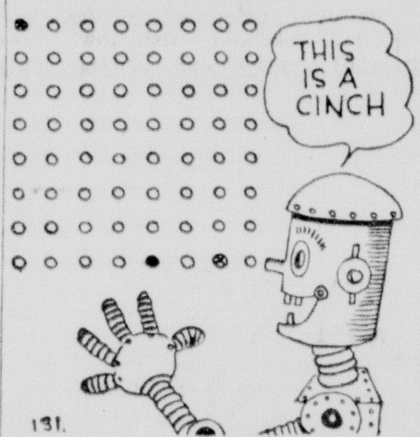

Answer to Question No. 3

3. Well, Leo, they are always under suspicion. Just as egotism is an evidence of a feeling of inferiority which a person is trying to cover up by appearing exceptionally bold and efficient, this public demonstration of affection by husbands and wives often conceals a fear that the public will "get on to" the fact that they quarrel like cats and dogs at home. If not this, then being "kittenish" in public shows they are emotional adolescents and neither has been weaned from Pa and Ma.

Tasty Sandwiches Of Today

Suggestions for Sandwich Preparation

Materials:

Use a bread of finest texture and quality.

Choose a variety of bread best suited to the filling.

Use butter as the spread for the bread—it's the making of the sandwich!

A sharp knife for cutting and a spatula for spreading the bread will be real time-savers.

Fancy cookie cutters may be used for cutting fancy sandwiches.

Waxed paper for wrapping and a tin box for storage of sandwiches makes it possible to keep them fresh and tasty.

Cutting Directions:

Slice bread for dainty sandwiches 1-8 to 1-4 inch thick. (When bread is to be cut in very thin slices it is helpful to spread the bread generously with butter before cutting.)

Bread for picnic or lunch-box sandwiches should be cut 3-8 to 1-2 inch thick.

Cut bread of an even thickness and shape by using cutters—if desired.

Crust should be removed from fancy sandwiches and canapes, however, they may be left on picnic or lunch-box sandwiches if preferred.

Construction:

Plan varieties and quantities of sandwiches to be prepared ahead of time.

Assemble all supplies and equipment.

Butter.

Prepare all necessary fillings.

Cut the bread for each type of sandwich to be made, cutting enough to complete the variety.

Lay slices of bread onto a bread-board covered with a damp cloth.

Go through the whole process of spreading them with butter.

Top with the desired filling.

Combine, cut, garnish as desired.

Wrap and store till ready to use.

Sandwich Fillings

Picnic or Lunch-Box Sandwiches:

Cream cheese with chopped nuts of any variety.

Cream cheese with jelly, jam, marmalade or dried fruit of any kind.

Cream cheese with olives, chives, or pickles.

Cream cheese with anchovies, sardines, salmon or crabmeat.

Any vegetable, fish, fowl, meat, salad, lettuce and whipped salad dressing.

Ham, American cheese, lettuce,

Many Visitors

Over 834 persons have visited the model home at 411 East Graham street built by the Home Lumber & Coal Co. The out of town visitors were Mr. and Mrs. August Marchen, Blanche Eisenberg, Edwina Leake, all of Amboy; Mr. and Mrs. Roy McDaniel, Deerfield, Mo.; Edmund Bartel, Rock Falls; Mr. and Mrs. Cecil Emmens, Mr. and Mrs. Carl Degner and daughter Jean of Franklin Grove; Mrs. H. E. Brown, Clinton, Ia.; Mrs. M. B. Powers and Mrs. Ray Weber, Amboy; Mrs. Anna E. Albrecht and Junior Albrecht of Ashten; Mrs. O. R. Eicholtz of Nachusa; Mrs. George Galor of Polo; Mrs. Omer Thomas, Miss Martha Stern, Chicago; Ada M. Decker, and Mrs. W. T. Greig, Polo; Mrs. James Harms, Rochelle; Evelyn Brown, Oregon; Herman Anderson, Chicago; Carl F. Antonson, Chicago; Mr. and Mrs. Lawrence Wentling, Miss Deane Hutton, A. H. McCaslin of Sterling; Jack Hess, Hinsdale; Mrs. Mason Swits, Sterling; Herman Schneider, Janesville, Wis.; Mr. and Mrs. Harold Neitz, Grand Detour; Clark Smith, Mt. Morris.

salad dressing.

Chicken, crisp bacon, sliced tomatoes, lettuce, whipped salad dressing.

Sliced tomatoes, lettuce, whipped salad dressing.

Cold fowl, or meat, lettuce, salad dressing.

Open-Faced Sandwiches or Canape Suggestions

Remove crusts from a loaf of sandwich bread. Slice thin (not quite 1-4 inch thick); cut into fancy shapes—rounds, stars, diamonds, squares, crescents, etc., with fancy cookie cutters. Spread one side of the bread with butter. Cover with the desired filling and garnish attractively with edible garnishes—parsley, angelica, tiny cinnamon candies, silver dragees, colored candy shot, cream cheese, candied pineapple, candied cherries, mint cherries or Maraschino cherries.

Suggested toppings for Open-Faced Sandwiches:

Cream cheese with a border and center decoration of candied or Maraschino cherries.

Cream cheese, crushed and drained pineapple with chopped Maraschino cherries.

Cottage cheese and chives.

Softened nippy cheese and chopped green pepper.

Thin slices of tomatoes, salad dressing and parsley.

Tuna fish, chopped stuffed olives and salad dressing.

Chopped cooked ham, chopped hard-boiled eggs and chopped mustard pickle.

Bridge Sandwiches

Cut thin slices of bread into bridge shapes (spades, hearts, clubs and diamonds) allowing two slices of bread to each sandwich. Spread 1-2 of the slices of bread with butter and one of the following fillings, top with remaining slices of bread.

Cream cheese, caviar and whipped salad dressing.

Chopped-boiled ham and mustard pickle. Blend with whipped salad dressing.

Ribbon Sandwiches

Cut a thin slice of bread lengthwise from a sandwich loaf. Remove all crusts. Spread generously with butter and a desired sandwich filling. (A soft filling made with a cream cheese base is the most satisfactory. Fillings may be attractively tinted with a vegetable coloring.) Start at one end of the slice and roll up in jelly roll fashion. Wrap entire sandwich in a damp cloth and allow to stand for thirty minutes. Slice across the roll with a sharp knife and serve. (These sandwiches may be served plain or placed on a baking sheet and toasted in the broiler.)

Churches Plan For Rally Sunday Enrollment Day

By action taken at a recent meeting of the Ministerial Association of Dixon the churches are uniting on Sunday, October 3, to be known as "Enrollment and Rally Day Sunday." Efforts will be made by the individual churches to enroll new pupils in every department of the Sunday school. A recent study made by one large denomination it was revealed that as many as 17 million youths in North America are not receiving any kind of religious training, Jewish, Catholic or Protestant. Dixon and community has its share of youth who are not receiving any definite and systematic religious training. The churches feel that their influence can be greatly strengthened by uniting their efforts in reaching the unchurched.

The ministers then faced the question of better prepared teachers and leaders and as a result a Community Training class was organized and the first session held on last Tuesday evening at the Presbyterian church at which time 75 were enrolled, representing 9 churches. This course will continue for three more Tuesday evenings. There is still time for others to enroll and take advantage of the course whether they are teachers or not. It has been suggested that persons might write brief essays as to the value and meaning of the Sunday school to them. The following essay is from Elizabeth Ford:

"Sunday school to me is the most interesting phase of our church work. There I have a chance to express my own opinions and search the Bible for myself. The church of tomorrow depends so much on the Sunday school of today and to me that means a great deal for there we are taught of God and Jesus Christ through the Scriptures and there also we can sing praises to our Father and offer prayers of thanksgiving to Him. The children can gain so much benefit from the Sunday school and on them and the young people depends the salvation of the future churches. Sunday school is one of the most important means by which I, along with many others, can find the way to eternal life and the rich rewards God has promised to those who love and serve Him and only by attending Sunday school and all the other church services can one find this way."

Discuss Successor to Justice Herrick

Springfield, Ill., Sept. 24—(AP)—With Governor Horner on a fishing trip in northern Wisconsin, discussions in political circles centered today on possible candidates for the state Supreme Court vacancy caused by the death of Justice Lott R. Herrick.

Horner left Springfield without committing himself as to whether a special election would be called for the primary next April or another date would be decided upon. More than a half dozen men have been mentioned unofficially as possible candidates.

Car Crashes Into Train, One Dead

Chicago, Sept. 24—(AP)—Arthur E. Rodman, 18, of Carterville, Ill., was killed and George Rickard, 18, of Marion, Ill., was injured slightly early today when their automobile crashed into the side of a moving freight train in suburban Glenwood.

Both boys, members of a CCC camp at Thornton, were returning from a party.

At the hospital, Rickard, who was driving, told police he failed to notice the flasher signal lights at the crossing.

Rodman was thrown clear of the automobile. Rickard crawled from the wreckage with minor injuries.

Continuance For Man Who Badgered Rochelle Trustee

Chicago, Sept. 24—(AP)—Judge Harold P. O'Connell has granted a continuance to October 5 in the hearing on charges of larceny and extortion against Hyman Bernstein, 40. Bernstein was charged with obtaining \$9,300 from Harry B. Goch-nauer, 72, Rochelle, Ill., school trustee, by use of the "badger game" in cooperation with a young woman who has not been arrested.

Bernstein's attorney won the continuance on his plea he had not had time to prepare the case.

For the past year the army bases have been the scene of a continuous parade of new airplanes.

HORNER TO CALL SPECIAL SESSION OF LEGISLATURE

Chicago, Sept. 24—(AP)—Governor Henry Horner said today he planned to call the legislature into special session but had not decided on the date. He said he had "no further comment."

The Governor, in Madison, Wis., on a fishing trip, thus confirmed recent widespread rumors he would order a special session, but started a new flood of speculation of contents of the call.

Some politicians said the session would consider a constitutional convention, the creation of a state school board, a driver's license law, unemployment relief and a curb on sex criminals.

Gov. Horner left here last night to fish in Wisconsin with that state's governor, Philip LaFollette, and Gov. Nels G. Kraschel of Iowa. Earlier he visited with President Roosevelt on the latter's short stop here and told the chief executive the state's need for relief of unemployed, citing particularly an estimated 35,000 persons made jobless by termination of the Public Works Administration.

PRESIDENT WILL CONTINUE SAME COURSE HE SAYS

States His Intention to Cheyenne, Wyo. Crowd Today

Cheyenne, Wyo., Sept. 24—(AP)—President Roosevelt told a crowd of thousands today he was going to continue in his second term the way he had in his first, trying to do the "most good for the greatest number."

After being welcomed by a group including Senator O'Mahoney, Democratic foe of the Roosevelt Supreme Court proposal, the President declared he had told a friend recently who advised him to "coast" from now on that he would not take such advice.

"I don't want to coast and the nation doesn't want me to coast with my feet up on the front wheels," he said.

People are thinking in national terms, he asserted, adding the administration projects up to date have had the national point of view in mind.

"Don't let anybody deceive you, the government of the United States is not going broke," he said.

Senator Not Invited

O'Mahoney was not invited to meet the President upon his arrival in the senator's home state. Gov. Leslie Miller, however, named O'Mahoney on a committee of Wyoming "private citizens" who gathered to welcome the President. O'Mahoney boarded the special train and will travel as far as Casper, Wyo., as the President's guest.

O'Mahoney told newsmen that when he greeted the President inside the car they said to each other: "You're looking fine."

"There was not time to say anything except 'hello,'" O'Mahoney added.

The President said the greater part of the nation's economic emergency was over, but a lot of problems remained.

He said the government had spent a great deal of money putting people to work and at the same time the administration had tried its utmost to accomplish useful things.

There were very few communities that have not benefited, he said.

Airports by the Thousand

On the question of airports, he said the federal government had assisted in the actual building of many thousands of these, with the result today the United States is checker-boarded with airports in every state.

"We have come to an end of that program sometime and just the other day we allocated the last of the money for public works projects."

Commenting on an editorial holding the government had wasted money on a certain project, the President said engineers were human and "could not make a home run every time they came to bat."

All the government undertakings, he said, had served a "very useful purpose."

BOBCATS SEEK TO REPEAT WIN OVER ILLINOIS

Peden's Eleven Tied For Buckeye Title Last Autumn

Illinois Zupke, Reeder, Brewer, McDonald, Siebold, Cramer, Castello, Berner, Spurgeon, Wehrli, Bennett, Referee—Dr. D. E. Reese (Denison), Umpire—Boyd Chambers (Denison), Field Judge—Fred Young (Illinois Wesleyan), Head Linesman—E. N. Jacquin (Missouri).

Ohio game kickoff at 2:30. Purdue B team game at 12 m.

WILL, University of Illinois, station, will broadcast.

Champaign, Ill., Sept. 24.—Inspired by the memory of their successful invasion of Memorial Stadium two years ago when they defeated the University of Illinois football team, the Bobcats from Ohio University, coached by Don Peden, star Illinois back in his day, will appear here again Saturday.

Five out of the 11 players who will probably start for Ohio won their spurs in that game. Donofrio, guard, Mruzik, center, Platzke, end and Jurkovic and Chernitski, halfbacks. And the greatest of these two years ago were Bill Jurkovic and John Chernitski. It was Jurkovic who threw the pass that was caught for the Bobcat's winning touchdown.

Six juniors complete the Ohio array, composing a veteran lineup. Since the 1936 Bobcats tied for the championship of the Buckeye conference, it is apparent that the young Illinois must face an experienced, threatening adversary.

Prediction Borne Out

Bob Zupke's prediction that the Illinois will be sturdier but greener this year is borne out by a glance at the starting lineup, which, however, is more or less of a guess. Bob Castello is the only experienced player listed in the line. Jim McDonald is a junior but had no playing experience last year. Willard Cramer and Jim Reeder, the tackles, Mel Brewer and Harry Siebold, the guards and young Bob Zupke, end, are all playing for the first time.

In the backfield, Jack Berner, who may start at quarterback, has played tackle for two years and Captain Lowell Spurgeon of course has had two years experience.

FANS SATIATED BY OVERCROWDED FIGHT PROGRAM

Three Championship Bouts Go Fifteen Round Limit

New York, Sept. 23.—(AP)—Three championship prizefights in one night, while a laudable enterprise on the part of any promoter, seems at this writing to be at least one championship prizefight too many. Especially if each of them goes the limit of 15 rounds without a knock-down and the feature event curls up and plays dead.

Thirty-two thousand, six hundred patrons sat through last night's pugilistic extravaganza at the Polo grounds, and when they finally stumbled out of the place some time this morning they were wondering if the new fight czar, Mike Jacobs, hadn't perhaps been guilty of choking them with cream.

Barney Ross, a welterweight champion with a heart the size of a pumpkin, saved an otherwise uninspiring spectacle with a close and fiery victory over Cefirino Garcia, challenger from the Philippines. It would have been a great fight had it stood alone.

Jeffra Bantam Champ

Harry Jeffra, a clean-cut, smiling lad from Baltimore, added a final fillip when it was badly needed by winning the bantamweight championship of the world from sad-faced little Sixto Escobar of Puerto Rico, on points.

The bout between Lou Ambers, rugged lightweight champion, and Pedro Montanez, a rashly over-estimated young man who owns a bar in Harlem, was the one that curled up. Ambers gave him an awful going-over in close, and it was a dreary thing to watch.

Marcel Thil, the bald Frenchman, made a considerable hit in the Philadelphia night before he suffered a serious cut on his right eyelid and was declared a loser to Fred Apostoli of San Francisco early in the 10th round. The burly Marcel had a clear lead on points at the time Apostoli stabbed him and the blood began to spurt.

WROK To Broadcast Dixon High's Game With Rockford Foe

(Special to the Telegraph)

Rockford, Sept. 24.—Dixon high's invasion of Rockford tonight for the football game at Beyer field, first game of the season for WROK, will be broadcast by WROK, the station in Rockford.

Following the game between the Dixon reserves and the Rockford lightweight team, WROK will go on the air, at about 8 o'clock, with a complete play-by-play description of the battle.

Morey Owens, WROK sports announcer, will be behind the microphone. Besides his play-by-play description, those unable to attend the game will hear the Rockford high school band in its first appearance of the season, and interviews with the coaches of the opposing teams.

The broadcast is the first of a series which will include all home games played by the Rockford teams.

WROK broadcasts on a frequency of 1410 kilocycles.

ence. Spurgeon has been laid up with an infected knee but it is expected he will be able to play. Bob Wehrli, who may start at right halfback, was a B team player last season and Ralph Bennett, fullback, is a sophomore.

Coach Zupke is still knitting his brows over the backfield problem which is complicated by the absence of Jay Wardley, quarterback, who will be horsed for combat for another week, and the loss for the season of Bill Usinger, promising young sophomore back. If Howie Carson, letterman in 1934, wins back his eligibility, it is possible he will start at fullback.

211-lb. Sophomore

Harry Lasater, last year's tackle, and Swede Lundberg, 211-pound sophomore, will undoubtedly appear. Jim Hodges and Bill Haviland are likely first subs for guard. Bill Lenich and Pete Kovachic, two sophomore centers, who are fighting neck to neck with McDonald, will get their chance.

The other players who have the best chance to appear are:

Ends—Bell, Johnson, Zimmerman, Hathaway and Wham, if an injury permits.

Guards—Skarda, Fay, Porter, Heaphy, Lovell.

Quarterbacks—Pezzoli, Joe Brown.

Halfbacks—Mazeika, Dan Smith, Burris.

Fullbacks—Glosecki, Burns, Huston.

A crowd of 25,000 largely composed of high school students of the state who will be guests of the Illinois, will see plenty of football as the Purdue and Illinois B teams play a preliminary game, starting at 12 o'clock.

WORLD SERIES FOR GOTHAM IS NEAR REALITY

Yanks Clinch Flag, Giants Nearing Pennant Also

By SID FEDER
Associated Press Sports Writer

New York's diamond embroidery society got down today to the serious business of winding up its second straight pennant stitching monopoly.

The Yankees, who use bats for needles and homers for thumbtacks, had the American league flag all sewed up. The Giants, somewhat slower on the fancy work, but apparently heading for the same results, were rapidly completing their hemstitching on the National league flag.

The Giants were 3½ games ahead as a result of their wild and woolly win over the Cubs yesterday.

The Giants' victory by an 8 to 7 margin in the rubber match of the crucial three-game set with the Cubs produced the daffiest battle of the lot. Despite a 17-hit New York attack Terry had to trot out all four of his starting pitchers before the Chicago clouters surrendered.

Finally, long, lean and lanky Cliff Melton, the southpaw rookie who applied a six-hit coat of white-wash to the Cubs in Wednesday's game, was called on to save the day. And he did—by retiring the final two Cub batters in the ninth, with one run in the tying and winning runs on base. Although he lasted less than two innings, Carl Hubbell was given official credit for the victory, his 21st of the year.

Chapman Gave Yanks Flag

The Yankees, meantime, although taking a 9-5 beating themselves at the hands of the St. Louis Browns, had the pleasure of watching an ex-Yankee, Ben Chapman, clinch the American league pennant for them. Chapman, who loses no love for the Yanks, hit a homer with two on in the ninth inning, which gave the Boston Red Sox a 4-3 decision over the Detroit Tigers, and eliminated the second place Detroiters from the pennant chase.

The win boosted the Red Sox back into fourth place in the league. The Cleveland Indians, finding Washington's rookies too much for them, were beaten, 3-2, and sank to fifth.

Jim Turner hurled No. 19 as the Boston Bees nosed out the Pirates, 2-1. Don Padgett hit a homer and two triples and led the Cardinals to an 8-4 win over the Brooklyn Dodgers. Dolph Camilli's homer with the bases loaded gave the Phillies a 9-5 triumph over the Cincinnati Reds, who used 22 players for a new National league record.

Johnny Whitehead won his own game for the White Sox by driving in the only run for a 1-0 edge over the Athletics.

Yesterday's Stars

(By The Associated Press)

Ben Chapman, Red Sox—His ninth inning homer with two on base beat Tigers 4-3.

Don Padgett and Mike Ryba, Cardinals—Padgett hit homer, two triples, driving in three runs, as Ryba pitched four-hit shutout in 4½ inning relief trick to beat the Dodgers 8-4.

Johnny Whitehead, White Sox—Blanked Athletics 1-0, with seven hits and drove in only run himself.

Dolph Camilli, Phillies—Hit homer with bases loaded in 9-5 win over Reds.

Joe Kraskauskas, Senators—Stopped Indians, 3-2, with nine hits.

Jojo Moore, Giants—Hit two doubles, three singles and scored two runs in 8-7 win over Cubs.

Harland Cliff, Browns—Hit homer with two on in 9-5 win over the Yankees.

Jim Turner and Hal Warstler, Bees—Turner stopped Pirates, 2-1, with nine hits as Warstler singled in winning run.

COLLEGE GRID SEASON OPENS WITH FANFARE

Seven Western Conference Teams To See Action

Chicago, Sept. 23.—(AP)—The ticket-takers and cash-counters around the Big Ten apparently are in for a busy football season.

Seven Western conference teams swing into action Saturday, and reports indicate that crowds at several of the curtain-raiser will be of mid-season proportions. Ohio State will play the invading Texas Christian eleven before one of the biggest opening-day turnouts in Buckeye history. A crowd of between 70,000 and 80,000 is expected to pack the O. S. U. stadium.

About 52,000 persons will watch Minnesota oppose North Dakota State, and while school children and prep football squads will be admitted free of charge, Gopher officials report a large ticket sale.

Also indicative of the early-season interest is the varsity-freshman game tomorrow which Northwestern will raise money to send its band on trips this fall. Tickets have been going fast for this practice tilt.

Limbers Up Tomorrow

Ohio State, which went through a long drill today, will take only a limbering-up workout tomorrow. Minnesota's coach, Bernie Bierman, said he would use about 40 players against North Dakota State, if possible.

Coach Harry Stuhldreher had only two sophomores in the Wisconsin lineup he worked today in preparation for South Dakota State Saturday. They were Bob Echl, left tackle from Milwaukee, and Bill Schmitz, left halfback. Coach Harry Kipke of Michigan said a full-length intra-squad game Saturday will determine his starters against Michigan State October 2.

Illinois, which will play Ohio University Saturday, worked on punting. Heat forced the Chicago Maroons to don track outfits and Coach Clark Shaughnessy is thankful for another week's drill before the opener with Vanderbilt.

Indiana, which opens Saturday against Centre college, drilled on pass defense, while Coach Mal Elward shifted his Purdue players around constantly, trying to settle on a lineup for tomorrow's game with Butler university. Iowa headed westward for Seattle and a tough opener tomorrow against Washington.

At Notre Dame, the varsity scored a 7-0 win over two reserves as Bennie Sheridan scored a touchdown and Bill Hofer converted.

Racing Boats Hum On Potomac River

Washington, Sept. 24.—(AP)—A flotilla of tiny racing boats that hummed like angry bees battled on the Potomac river today for outboard motorboat honors in the President's Cup regatta.

Douglass Fonda of Orange, N. J., and Don Frazier of Rantoul, Ill., Class C and Class F amateur title-winners, respectively, were favorites, along with Fred Jacoby of North Bergen, N. J., professional Class B victor and Dick Neal of Kansas City, Mo., top among professional Class C racers.

Sixteen events were scheduled today. They included first and final heats in the Class A, B, and C outboard races for amateurs and professionals, F Class outboard open first and final heats, Midget Class amateur outboards and Free-For-All Outboard Handicap.

TO TRANSFER TEAM

San Francisco, Sept. 24.—(AP)—Joe Bearwald, president of the Pacific Coast League Mission Reds, announced last night the club's franchise would be transferred to Hollywood for the 1938 season.

About 750 persons are killed every year from deadly monoxide gas fumes from automobiles.

DEKALB CAMP IN GLOOMY MOOD AS GRID YEAR OPENS

Tackle, Center Posts Causing Major Problem To Mentor

With the opening game of the 1937 season looming up this Saturday against Whitewater Teachers of Wisconsin, football activities at Northern State Teachers of DeKalb have reached a state of frenzy as Coach George Evans and his assistant John Parsons frantically search for capable men to fill tackle and center positions left vacant by graduation.

This week another cloud of gloom descended on the DeKalb camp as three possible starters received serious enough injuries to make their playing the opening game quite dubious. Kenneth Hellman and Roy Allen, monogram winners of last year, who play at halfback and end respectively, were both unable to participate in this week's scrimmages. Hellman is suffering from a leg ailment and Allen was forced out by a jaw injury. Orville Krah-enbuhl, a Freshman backfield prospect from Rochelle, who has looked exceptionally good in practice, will be unable to play because of a crippled arm.

Juggles Fourteen Vets

In view of this and because of the relatively short practice period, Coach Evans has been juggling his fourteen returning veterans in hopes that he can place a team on the field made up in the main of players who have participated under the system employed here. The returning veterans are as follows:

Curtis Larsen, Roy Allen and John Young ends; Co-captain Louis DeRange; Alex Saudargas and Mark Dean, guards; Co-captain Joe Rockenbach, tackle; Chester Davis and Willard Rezek, quarterbacks; Kenneth Hellman, Lester Lundeen and John Terhune, halfbacks; Marinius Jorgensen and Jack Barry, fullbacks.

Although the starting lineup for Saturday is still uncertain it is quite probable that the initial eleven will shape up something like this: Curtis Larsen and Robert Price at end; Joe Rockenbach and Ardwin Dolio at tackle; Alex Saudargas and Louis DeRange at guard, with Edward Hill at center. In the backfield Chester Davis will probably start at quarterback with Terhune and Lundeen at the halves, and Jack Barber at fullback. Rezek and Jorgensen will alternate at quarterback and center respectively, with Dean relieving at guard position. Of this group only Price is new as Hill and Dolio played considerably last year and should prove very reliable men this season.

Among the sixty-five men who reported for the first practice, several from last year who serve as reserves and a number of Freshmen have looked exceptionally good and will undoubtedly be used considerably against the Whitewater eleven. Listed in this group are Wayne Quillen, end; Art Kovacevich, Raymond Thorsen, Paul Blair, Frank Stegman, William Cahill and Edward Olsen, tackles; Warren Kied-alsch and William Johnson, guards; Eino Seppala, center; center; Charles Nihan, quarterback; Harold Lewis, halfback; and Durward Sorenson, fullback.

GOOD THOUGHTS

Those who bring sunshine into the lives of others cannot keep it from themselves.

—J. M. Barrie.

There are persons so radiant, so genial, so kind, so pleasure-bearing, that you instinctively feel in their presence that they do you good; whose coming into a room is like the bringing of a lamp there.

—Beecher.

No selfish person can be happy. No man or woman who lives for himself alone can be otherwise than self-centered and miserable. The only way happiness can be gained is by giving it to others.

—Roe Fulkerson.

Happiness does not come from material things. Happiness comes from within; happiness is a state of mind and does not necessarily have to be accompanied by riches and worldly goods. . . . We will be happy only when we find happiness in God.

—Dr. Donald C. MacGuire.

Happiness is spiritual, born of Truth and Love. It is unselfish; therefore it cannot exist alone, but requires all mankind to share it.

—Mary Baker Eddy.

If we keep my commandments, ye shall abide in my love; even as I have kept my Father's commandments, and abide in his love. These things have I spoken unto you, that my joy might remain in you, and that your joy might be full.

—John 15.

WOOSUNG UNION CHURCH

Parker D. Barton, Pastor
Special services every Sunday evening, time 7:30 p. m., public invited. Last Sunday evening the pastor spoke from the subject, "The Mark of the Beast." Brother Barton said in order to understand the book of Revelation, one must first learn to understand its language which is written in symbols. To illustrate the nature of symbolic language, Brother Barton said for example: A lion is the symbol of courage, the lamb a symbol of meekness or patience, a man of cunning, artful, deceptive disposition is symbolized by a fox. A cruel and bloodthirsty tyrant by a tiger. Brother Barton said we violate nature when we attempt to make a ferocious tiger the symbol of an innocent child, or represent a blood-thirsty tyrant by the symbol of a lamb. Thus a pure chaste virgin is used to symbolize the true Church of God, whereas a corrupt harlot is used to represent an apostate church, while the dragon is used to symbolize its persecutor, the horn a persecuting power, and the beast an earthly monarchy. Brother Barton referred to the first beast of Rev. 13 as rising up out of the sea, which is a symbol of the peoples multitudes, tongues and nations, while the second beast came up out of the earth. To this Brother Barton referred to the parable of the builders, some of which had established their faith upon the rock which is the symbol of Christ, the winds and the storms as a symbol of great tribulation which shall follow the rapture of the Saints, while out of the sand or the earth shall arise the beast, whose government shall be an anti-Christian power. He shall speak as a dragon which is the symbol of his military powers, exercising the power of the first beast which symbolizes his dictatorship while Rev. 13:16 explains that it shall be a world dictatorship. Brother Barton said the No. 666 is given to symbolize a man which proves that this dictator shall not be a literal devil or come from another world so to speak, but that he shall be a man just like the rest of us in the flesh. Brother Barton turned to many other scriptures in the book of Revelation, pointing to the final destruction of the beast and those whom shall be forced under the penalty of death to receive the mark which shall seal their eternal doom for time and eternity.

Next Sunday evening, Sept. 26, the pastor will speak from the subject, "Convincing the Ungodly and the Binding of Satan."

WHO OWNS THE BORDEN COMPANY?
No one person or small group owns The Borden Company. Borden stock is owned by the public, 40,000 individual stockholders—many of them your neighbors—men and women living in towns, in cities and on farms located in every state of the United States and all provinces of Canada.

This widespread public ownership of Borden is important to dairy farmers. It is one measure of the people's confidence in the name Borden. On such confidence Borden builds its everlasting advertising and selling efforts to create larger markets for milk and milk products, and a more stable income for dairy farmers.

Hopes for Return Of Endeavor Sink

London, Sept. 24.—(AP)—England's fears for the crew of missing yacht Endeavor I, allayed for a few hours, were alive again today after a message from the captain of the British tanker Amastria denied he had sighted the missing yacht off the Azores.
The terse denial of previous reports the yacht had been sighted echoed a tragic aftermath to a celebration at the little fishing village of Tollesbury, where over half the members of the Endeavor's crew live.

LEGION TAKES TO BOXING
New York, Sept. 24.—(AP)—Amateur boxing as a feature of future American Legion conventions struck a popular note with Legion fight fans today.
Certainly the reception given a 14-bout program in Madison Square Garden last night by some 35,000 Legionnaires seemed to warrant future performances, and there was talk of making the amateur event an annual one.

Best bout of the evening was the extra added attraction in which Dan (One Round) Parker, sports editor of the Daily Mirror, planted a perfect right on the back of Marcus Griffin, Broadway columnist of the New York Enquirer. . . . It was a pip, while it lasted. . . . Night's biggest disappointment was the terrible showing of Pedro Montanez. . . . Why he didn't throw his right often is still a mystery. . . . At the boxing commission meeting yesterday, Chairman John J. Phelan gave the principals in last night's show one of his well-known pep talks. . . . When Sixto Escobar's turn came to prove that he understood the rules, he answered the general in double talk. . . . "What's that, what's that?" asked the general.

Believing members of the coaching staff are often so close to their players that they lose the proper perspective, the wily Dorais has engaged John J. McNamara, mentor who guided St. Viator to the "Little Nineteen" championship in Illinois a year ago, to test him weaknesses of his club.

McNamara, who sits in the stands during practice, doesn't know a player on the Detroit squad. Therefore, his views are entirely impartial.

DEDICATION OF BRIDGE TONIGHT ROCHELLE FETE

Hundreds of Visitors Expected to Visit Ogle Co. City

Rochelle-Rochelle will be host tonight to thousands of citizens of this community who have been extended a cordial invitation to attend the dedication ceremonies of the new South Fourth Street bridge spanning Kite river.

Large delegations from Lee, DeKalb, Winnebago and the western part of Ogle counties have signified their intentions of attending and participating in the memorable event. City councils of Dixon and Ashton will attend in a body. The mayors of DeKalb, Rockford, Oregon, Mt. Morris and other cities are also expected.

May Floats Entered
Many attractive floats have been entered in a huge parade that has been arranged by Wilbur Antoine, as the opening portion of the evening's program. Floats have been entered by the Caron Spinning Co., the Morgan Day Works, Loyal Order of Moose, Flagg Grange, Button club, Harnsby's store, the H. and S. Radio store, Doyon-Rayne Lumber Co., and several others. The private car entries are still small—but there is still time to enter. Here's a fine chance for an ambitious and talented person to win a \$50 cash award for very little effort. Second prize of \$25 and third prize of \$10 are also worthy awards. The parade will form on 6th street near the city hall at 6:30. The line of march will be south on the Lincoln highway from 10th avenue to Cherry street, thence east to 4th street and thence south to the new bridge. The parade will start promptly at 7:30 and is expected to arrive at the bridge at 8:15.

State Champion Drum Corps
Five drum corps, including the state champions from Villa Park, will compete for cash prizes in a thrilling drill match. They will also form a part of the parade, as will two bands. The drills have been arranged by Ray Pratt, local Legion commander. They will be held in the field directly south of the C. B. & Q. depot.

After the parade arrives at the bridge and is reviewed by visiting dignitaries as it passes over the structure, a program consisting of songs by Mrs. Orva Wright and her quartet, speeches, fireworks and free dancing will be enjoyed.

Commissioner Schade, general chairman in charge of the dedication services, announced that invitations had been extended to many high state government officials, including Governor Horner, and several are expected to appear on the program. He said that all the speeches will be "short and sweet"—and the shorter the sweeter. State Representative Frank B. Wilson, is scheduled to give the principal address.

In view of the fact that so many large delegations are expected from surrounding cities (Ashton alone promises to send 25 cars) all local citizens are respectfully requested to leave their cars at home, if possible, and walk to the service, or to at least park their cars on a side street.

FIRE MARSHAL WON'T COMMENT ON DECISION

Springfield, Ill., Sept. 24—(AP)—State Fire Marshal Sherman V. Coultas declined to comment on a recent decision of Circuit Judge W. R. Hunter of Kankakee which reportedly implied that deputy fire marshals had no power to condemn structures as fire hazards or to force owners to repair them.

"We have not received a copy of the opinion and cannot comment," Coultas said.

Judge Hunter's ruling apparently was based on the assumption that when the duties of the fire marshal's office were placed under the insurance department several years ago, the office was abolished.

The ruling was based on two year old temporary injunction San Lang, a Kankakee junk dealer, had obtained against city authorities and the state fire marshal's office to restrain them from forcing him to remove and repair certain buildings.

Judge Hunter dismissed the injunction as "no longer necessary" when evidence was shown that certain repairs had been made.

Coultas said he had not been approached by Victor N. Cardosi, Kankakee city attorney, who was advised by the city council to determine what future action the fire marshal's office would take in the county.

TWO GAMES IN 18 HOURS
Spring Valley, Ill., Sept. 24—(AP)—The Hall Township high school football team will play two games in 18 hours on October 8 and 9, because somebody overlooked the Champaign grid. Champaign was booked for a game in that city the evening of October 8, but an oversight placed Westville on the schedule for the next afternoon on the local field.

The world's first airport pulpit has just recently been completed at Phoenix, Ariz., airport. Young folks can be married right at the airport and step right from the altar into honeymoon-bound plane.

Golden Wedding Anniversary
Tuesday was the golden wedding anniversary of Mr. and Mrs. W. B. McCrea in honor of the occasion a special service was arranged at the Methodist Episcopal church Sunday morning which was attended by over 150 relatives and friends of the esteemed couple.

Mr. and Mrs. McCrea and their children and grand children were given seats of honor, and a very appropriate talk on "Love's Triumphs" was given by the pastor, Rev. L. E. Winter. The choir of twenty voices sang as a requested number "Golden Bells" and as the anthem "Flow on, River of Life."

A family dinner was enjoyed at the McCrea home at noon followed by open house during the afternoon and evening, when scores of friends called to extend congratulations. As an appreciation of service and devotion to the church the Methodist Sunday school presented the McCreas with a fine floor lamp. Many other gifts were brought in during the day.

Dinner guests at the Wallace-Clover home Monday evening were Mr. and Mrs. William Clover of Troy, Missouri; Mrs. Elizabeth Tyler of Geneva; Mr. and Mrs. Andrew Griffith and Mrs. Edward A. Clover.

Mr. and Mrs. Fred Travis and Miss Vera Bastian spent Sunday visiting with relatives at Sandwich and Sheridan.

Mr. and Mrs. Raymond Kersten, Mr. and Mrs. John Krug and daughter Inez enjoyed a motor trip Sunday to Galena and Dubuque, returning by way of Clinton where they visited with relatives during the afternoon.

Mr. and Mrs. H. R. Romick and family attended the first reunion of the Wise family, of which Mrs. Romick is a descendant, at the Joseph Beardsley home at Steward Sunday. There were 65 relatives present and after a picnic dinner at noon the afternoon was spent in visiting. Officers chosen for the coming year were: Miss Florence Wise of Steward, president, and Mrs. J. W. Byerhoff of Dixon and Arthur Wise of Davis as assistants.

Mr. and Mrs. James Clemmons of Milwaukee called at the home of Mr. and Mrs. William B. McCrea Monday afternoon to extend to them congratulations on their golden wedding anniversary and leave a gift of remembrance of the occasion. The two families have been very close friends for 45 years.

Mr. and Mrs. Clemmons spent Monday night with their nephew, E. A. Rowley of Dixon, field scout executive of Lee and Ogle counties of the Black Hawk area council, Boy Scouts.

Miss Helen Kurtz who was taken suddenly ill last week has recovered and has returned to her studies in the Ashton high school.

Mr. and Mrs. William Sandrock and Mr. and Mrs. George Wagner returned Saturday from a two week's trip to Yellowstone park and many places of interest in the west. They left Labor Day, touring the Black Hills and South Dakota Bad Lands and entered the park through Cody, Wyoming. They spent two days in the park and leaving by the south gate visited in Thompson and Dysart, Iowa, on their way home.

The summer series of street picture shows in Ashton closed last Saturday evening. Claire Musselman who has shown street moving pictures in Ashton and five other neighboring towns for eight years, has sold his outfit to LeRoy Dear-dorf of Amboy.

Miss Minnetta Schaefer was the honored guest at a family dinner at the Texaco diner Friday evening.

Miss Minnetta has been making a short visit with relatives here before returning to her work at Cleveland, Ohio. Those present were: Mr. and Mrs. Edison Vogel and family, Mr. and Mrs. William

Lovell and two daughters, Mrs. Lillian Vogel, Sr. Mr. and Mrs. Fred G. Schaefer and Mr. and Mrs. Earl Vogel.

Mr. and Mrs. Clarence Drummond visited Sunday at the home of their daughter and husband, Mr. and Mrs. Ralph Carr of Rochelle.

Mr. and Mrs. James Clark and children of Sterling were guests Sunday afternoon at the home of Mr. and Mrs. Harold Parver.

Mrs. Florence Herbert and son Harold entertained as their guests Sunday Mr. and Mrs. C. R. Derry of Maywood.

The Ashton high school band will begin the musical activities of the year by responding to the invitation of Rochelle to play there on the evening of Friday, Sept. 24. The occasion is the dedication of a new bridge just completed at Rochelle. Gov. Horner will be there to speak.

Norman Miller of East Northfield, Mass., came Monday for a few days visit with Herbert Schaller, his roommate at Iowa State college at Ames, Ia. Norman is on his way to Ames to return to his college duties for the coming year. Herbert Schaller expects to leave Sunday for Ames to resume his college work.

Mr. and Mrs. Herman Sanders and son Leslie and Mr. and Mrs. Ralph Schaller, son Herbert and daughter, Gwendolyn enjoyed a picnic chicken dinner along Rock river north of Grand Detour Sunday.

Mr. and Mrs. Henry Klenke of Reynolds and Mr. and Mrs. Edward Klenke of Ashton are visiting this week at the home of the men's brother, Fred Klenke at Racine, Minn.

Mrs. John McLean who has been on a trip through the west with her parents, Mr. and Mrs. E. N. Swoop, and also visited relatives in Washington, returned to her home Friday evening.

A baby son was born Sunday to Mr. and Mrs. Paul Vaupel. Mrs. Vaupel was formerly Miss Helen Jeter.

Mrs. Martha Bode has closed her home in Ashton for the winter and went to Chicago Tuesday where she will spend the winter with her daughter, Miss Minnie Bode.

WIFE OF FLIER DAHL REASSURED BY GENERAL

Says There's No Chance of American Facing Firing Squad

Salamanca, Spain, Sept. 24—(AP)—Only the red tape of arranging for an exchange of prisoners keeps Harold E. Dahl, the Champaign, Ill., aviator, in jail here while his beautiful wife waits for him in Cannes, France, it was reliably learned today.

An aide of Generalissimo Francisco Franco, the insurgent chieftain, said that there was no possibility the 28-year-old flier would go before the firing squad. Dahl was captured July 12 on the Madrid front when he bailed out of the gun-riddled fighting plane he was flying for the Spanish government.

Francisco's aide, a cousin also named Francisco Franco (and apparently the author of a reassuring letter received yesterday by Mrs. Dahl), reported by telephone to the insurgent leader on reports abroad that Dahl was about to be executed.

Shouted Protestation
Cousin Francisco fairly shouted his protestation when he left the telephone.

"Everybody knows the Generalissimo always keeps his word! There is absolutely no truth in the story Dahl is to be executed."

"The Generalissimo authorizes me to say that to you."

"To invent and propagate such stories is an infamous, underhanded trick. There never was any question of executing Dahl."

The Dahl issue has grown here from one of routine handling to a major issue because of repeated reports the pilot's life was in danger.

It touched an insurgent sore spot—stories from Santander that the insurgents were executing an average of 10 per cent of the prisoners taken in the recent offensive there.

Insurgent statistics showed that 350 Santander prisoners had been court-martialed among the 50,000 captured. Death sentences were handed down in 26 cases of men proved involved in murders as well as in the war but only 12 had been shot, it was said.

It was pointed out that if Dahl were to have been shot it would have been done long ago and without attention of the press.

Negotiations now are actually under way for a prisoner exchange with the government command. The deal may require weeks for completion.

Mrs. Dahl said she had written Premier Juan Negrin of the Valencia government, asking him to send a captive insurgent on the French side of the border.

(A letter she received yesterday, signed by Franco's cousin-aide, told her Dahl was "perfectly well" and that "if the occasion arises" he is the regular September meeting and has been delayed because of the press of work. Let all the members rally for this meeting.

would "surely" be exchanged for an insurgent prisoner.
The note was signed: "Your obedient servant kisses your feet, Francisco Franco, Sept. 10, second triumphant year."

DAILY HEALTH

MENTAL HOSPITALS

By Iago Goldston, M. D.

If it weren't impractical, it would be a good idea for mental hospitals to hold open house every so often. It might help overcome much of the prejudice still current against them.

Few individuals, who have no immediate reason to do so, visit the mental hospitals or interest themselves in their practices.

Many persons still picture the mental hospitals as the lunatic asylums about which they heard such lurid tales, time past. Unfortunately these misconceptions frequently have an immediate and profound bearing upon the welfare of the mentally ill.

Those most likely to benefit by the treatment available in a mental hospital, because of their own prejudices or those of their relatives, frequently are denied its services. Parents or relatives in many instances will consent to have the sick individual committed only as a last resort.

This business of commitment carries certain unfortunate implications. To have one committed implies first that the sick individual is incapable, under the circumstances, of looking out for his own welfare. And commitment seems to give those in charge the right to do whatever they deem best with the sick one.

Granting this is so, how does committing a mentally ill person to a mental hospital differ from sending an individual with an acute surgical condition to an ordinary hospital? In each instance, the patient is hardly competent to look out for his own welfare, and in both instances the surgeon or the psychiatrist must be depended upon to do what he deems best for the sick one.

There are, of course, radical differences between surgical and mental patients, and between the treatments they each require. But these differences do not suffice to account for the prejudice current against mental hospitals.

There is one condition, negative, if you please, offered by experience. Not so long ago, going to any hospital was looked upon with suspicion and prejudice. Such prejudice has been largely dissipated. Mayhap that against mental hospitals will also soon disappear.

The enterprising author who had himself committed, and then wrote of his experiences in "Asylum," has helped both the public and the mental hospitals.

Tomorrow—Medical Progress.

NOT A HORSE ENTERED
Big Rock, Ill.—(AP)—Not a horse has been entered in the Big Rock plowing match—the first time in the 43 years history of the event. Sponsors said all contestants would use tractors in Saturday's meet. Orvis Schroyer, winner of the recent contest at Wheatland, will be among the contestants.

A greaseball doesn't fly, but an airplane won't fly without him. He doesn't have a natty uniform. But a pilot with all his uniforms would be useless without him.

DAIRY SHOW AT WATERLOO OPENS MONDAY

\$5,000 in Prizes Given in Belgian Exhibit at Same Place

With favorable weather prevailing throughout the middle western area, the management of the Dairy Cattle Congress at Waterloo, Iowa, is preparing for a record smashing crowd at the 28th annual exposition, which opens September 27th. Prospects are bright in Iowa for a bumper corn crop and most of it is out of the way of frost. This has left the farmers of Iowa and adjoining states in a receptive mood and already requests are coming in for reserved seats in the Hippodrome where the judging parades and circus acts will be held.

According to the secretary-manager, E. S. Estel, who has served in that capacity for 23 years, there has never been such intense advance interest in the Congress before. Inquiries and requests for exhibition space have swamped the office since the first of August, when all exhibition space was sold.

It is evident that close to 1000 head of dairy cattle will be exhibited at this year's show in the open and 4-H classes. Although it is hard to make an estimate on the number of Belgians that will be entered in the National Belgian Horse Show, it is safe to say that the largest array of Belgians ever to be assembled in one place in the United States will be present when the show opens.

Prizes for Belgians

Over \$5,000 will be offered to Belgian breeders this year, and entries will be made in every class which will make up a well balanced showing of draft horses. Saddle horses will also come in for their share of the public's attention with some of the outstanding stables of the country making entries here.

Congress visitors will need go no further than the Hippodrome in their search for high class entertainment. Although the Dairy Cattle Congress has no Midway, it does provide talented artists of the circus and theatrical world for the entertainment of the public. Twenty of the best acts that could be obtained have been booked to appear each afternoon and evening in the Hippodrome. These twenty troupes have been secured from three continents and visitors are assured that they will see the best to be offered.

Some of the states that will be represented here are: Minnesota, Wisconsin, Michigan, Indiana, Illinois, Ohio, Massachusetts, New York, Pennsylvania, Kansas, Missouri, Nebraska, South Dakota and Iowa. Past years have revealed that visitors come to this show from all of the 48 states in the Union as well as several from Canada.

CCC ENROLLMENT

Chicago — (AP) — The October quota for CCC enrollment in Illinois will be 3844. Leo M. Lyons, secretary of state emergency relief commission, announced. Illinois now has 11,287 young men in CCC camps.

Trade Review

New York, Sept. 24—(AP)—Most divisions of trade displayed a more aggressive stride this week, with quickening retail distribution, the outstanding feature, Dun & Bradstreet said today in the weekly review of business.

Retail sales for the country as a whole were estimated at from three to seven per cent ahead of the preceding week and from 8 to 22 per cent better than in the comparable 1936 period.

"As strength of consumer purchasing power was revealed by the intensified interest in a wide range of seasonal goods," the agency said, "buyers in wholesale markets covered with less caution the balance of their fall requirements."

Percentage increases over a year ago included: Middle west 10 to 20.

On the wholesale front, reports to the agency indicated purchasing power in the rural sections had been well sustained at recent levels.

Lexington's Grand Circuit Races Begin

Lexington, Ky., Sept. 24—(AP)—The Kentucky Trotting Horse Breeder's Association opened its annual Grand Circuit meeting today, with many of the nation's top-ranking harness horses ready for action.

A feature of the first day's program was to be an exhibition with 11-year-old Alma Sheppard of Hanover, Pa., piloting the fast colt, Dean Hanover, of the Hanover shoe farms, in a mile test trot.

Feature of the \$45,000 meeting will be the \$9,000 Kentucky Futurity Tuesday. At least nine horses are considered strong contenders.

MAIN WEAPON OF GOLDEN GOPHERS IS IN BACKFIELD

Minneapolis, Sept. 24—(AP)—A blasting backfield charge will be the main weapon for Minnesota's Golden Gophers in their drive for national gridiron honors—with three fullbacks stampeding in the lineup at the same time.

Dazzling speed from triple-threat Andy Uram, left half, and one of the finest passing combinations in Minnesota history—Uram to Ray King, captain and right end—will prove a headache for Gopher foes who get set to resist the power charges.

"Chief Mourner" Bernie Bierman, however, refuses to concede the Gophers any "championship possibilities" even in the face of this combination operating behind one of the best lines in Minnesota grid history.

Larry Buhler, 218-pounder, who smashed opposing lines to bits last fall, is back at his fullback position. Vic Spadaccini and George Faust, two more fullbacks from last year, will divide the quarterback duties. Marty Christiansen, another smashing fullback who was ineligible last year after being groomed for the No. 1 post, will alternate at right half with Wilbur Moore. Andy Uram, the Gophers' "ace" will take care of the left half duties.

Captain Ray King and Dwight Reed will take care of the end posts for the third straight year. Lou Midler, Bob Hoel, Marvin LeVoor and Howard Parkinson will be at the tackles, Charlie Schultz, Bob Weld, Francis Twedell and Horace Bell at the guards and John Kulbiski and Dan Elmer will share the center duties.

New York City's tax collections exceed \$600,000,000 a year.

THIS CURIOUS WORLD

By William Ferguson

THE DUCKBILL, OF NEW ZEALAND AND AUSTRALIA, IS THE ONLY POISONOUS MAMMAL KNOWN TO MAN.

THE BULL'S HORN THORN, AN ACACIA TREE OF SOUTH AMERICA, PROTECTS AN ARMY OF ACACIA ANTS IN ITS BRANCHES, FOR ITS OWN PROTECTION! THE ANTS FEED ON THE TREE'S HONEY, AND LIVE INSIDE ITS HOLLOW THORNS! THEY GUARD THE TREE FAITHFULLY, AND DRIVE OFF ALL OTHER INSECTS.

FOOTBALL PLAYERS HAVE BEEN KNOWN TO LOSE THIRTY POUNDS IN A SINGLE GAME.

THE curious duckbill is made up of characters inherited from the reptilian ancestors of millions of years ago. It is unique in being one of the only two egg-laying mammals. The poisonous part of the animal is a concealed spur on the hind foot.

HARMON NEWS

By Margaret Anderson

Harmon—The home of Mr. and Mrs. Frank E. Stern of Hopkins was the scene Tuesday evening of a pleasant gathering and reunion of old friends, neighbors and relatives. The occasion was in honor of the members of the William Miller family of the vicinity of Montevideo, Minn., who left Montevideo township, about 25 years ago to make their home in Minnesota. The honorees were William Miller, Mr. and Mrs. Miller, and daughter, Henry Miller, Mrs. Roy Sharpe and daughter, and Leroy Miller. A scramble supper was enjoyed earlier in the evening by the 105 persons present. This was followed by an evening of visiting and card playing. Among the people present from here were Mr. and Mrs. Roy Thompson.

Mrs. Mayne O'Malley has spent the past two weeks in Seneca in the home of her sister and brother-in-law, Mr. and Mrs. D. B. Co-meyers and family.

Mr. and Mrs. Roy Anderson, and daughter Fay Elyn of Maytown and Miss Florence Anderson, R. N., and Jack Collins of Chicago who spent Sunday in Clinton, Ia., made a short stop here Sunday evening.

T. M. Allen of La Belle, Mo., and his grand-daughter, Miss Vernis Gale of Iowa are visiting in the home of the former's daughter and son-in-law, Mr. and Mrs. Robert Thrasher and family.

Mrs. Emmet Giblin and little son were callers in Dixon Thursday afternoon.

Mrs. Annie Troy and son James who are returning to their home in Chicago after a visit in Clinton, Iowa, spent a couple of days here in the homes of Mary and Dan Leonard and Mr. and Mrs. John Sutton.

John and Nate Loan of Sublette were callers in this vicinity the fore part of the week.

Mr. and Mrs. Edward J. Mannion were callers in Sterling on Wednesday.

E. T. McCormick transacted business in Sterling on Wednesday afternoon.

Hamilton club members met Thursday afternoon in the home of Mrs. Grace Foy, with Mrs. Mary Lovegreen and Mrs. Geraldine Roabe as hostesses. Miss Mae Foley presided during the business session, which was opened with the song, "My Wild Irish Rose." Nineteen members answered to roll call with "Travel Talks." Five tables were in play and score prizes were won by Miss Dora Clark, Mrs. Fred Eisele, Miss Emma Dimmig and Miss Hazel Batten. Lunch was served. The club will have its October meeting at the home of Miss Mae Foley.

Mr. and Mrs. Theo Fitzpatrick visited relatives in Sterling on Wednesday afternoon.

The annual commencement exercises held in Fourth Street Methodist church Sunday evening for six young women graduated from the Sterling hospital school of nurses, was attended by a congregation that filled the main auditorium of the church, and were of an edifying nature. Addresses by Rev. Allan Billman, pastor and by Attorney J. J. Ludens, president of the board of trustees, occupied the attention of all. The young nurses were heartened by the presence of six pews full of other nurses with whom they have been more or less associated in the last few years in their work. Many beautiful flowers and ferns adorned the sanctuary of the church, while music was discoursed on the organ and hymns were sung by the robed choir. The organ preludes were "Serenade" by Broga, and "Intermezzo" by Delibes, played by Mrs. Thomas Brown, organist. Fol-

Illinois Strikes Up the Band in Giant Legion Parade

The band and the massed colors of the Illinois contingent of the American Legion swinging up Fifth Avenue in the greatest parade New York City has ever witnessed. Twenty years after their march down the same street on their way to the trenches in France, the Legionnaires marched to the happy and heartfelt cheers of the gigantic crowds.

Following the procession, Rev. H. K. Hostetter gave the invocation. The anthem was "Lo, A Voice to Heaven Ascending," by Brothman-sky. Noel Hawkins, tenor in the choir, sang the offertory, after which the "Doxology" was sung by the congregation, when the offering had been received. Mr. Billman gave an informative, interesting and inspiring sketch of the life work of Florence Nightingale, noted English woman, who is credited with being the originator of professional nursing. Diplomas were then awarded to the class of six, after they had recited the Florence Nightingale pledge, and Mr. Ludens delivered a beautiful and well put charge. Among the six who received their certification of completion of the draining school course were Velma Parker and Wilma Deitz. With the singing of the recessional hymn and benediction the nurses preceded and the graduates followed in receiving line in the north vestibule of the church. They received the congratulations of relatives and friends. All of the graduates will remain with the hospital for the time being.

SETTLEMENT OF
\$500,000 SUIT
IS ANNOUNCED

Chicago, Sept. 24.—(AP)—Settlement of Mrs. Dorothy S. Clark's \$500,000 suit against her former husband, Harold A. Clark, was announced here by counsel for the wealthy, socially prominent Miami Beach, Fla., hotelman and industrialist.

The suit charged Clark, inventor of an oil seal, had borrowed her share of his royalties from 1930 and 1937 and stated he had earned \$2,000,000 in the last 10 years, owned a \$350,000 Miami Beach apartment hotel and with her owned a \$500,000 home there.

The \$500,000 for which she sued she alleged she had loaned him.

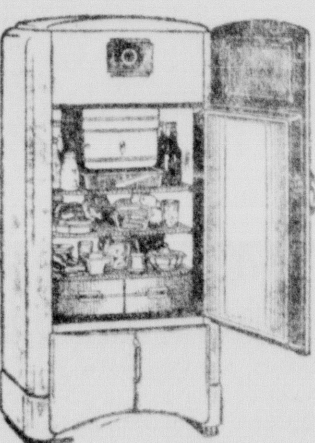

Under terms of the settlement, complete details of which were not made public, Mrs. Clark was granted an uncontested divorce August 13 at Miami Beach. She now is living on her estate in suburban Northbrook with their three children, Harold, Jr., 16, Pamela, 12, and Seven, 10.

The settlement was reported to have given her the Northbrook estate, the Miami home and other properties. She will continue to receive her one-fourth share of the royalties amounting to more than \$150,000 annually. The divorce was granted on grounds of infidelity.

Clark had filed suit May 7 at Carson City, Nev., for divorce on grounds of extreme cruelty and Mrs. Clark countered with a complaint of extreme cruelty and infidelity and asked financial allowances.

The Clarks were married at Gilman, Ill., Oct. 1, 1919.

Airplane Mysteries

The Patent Office recently granted patent number 2,089,294 to an inventor who would prevent airplane crashes from becoming mysteries. His scheme is to record the cause of the crash during the fleeting moments when the tragedy is taking place.

Entitled a "recording device," it is a mechanism with "a plurality of indicating buttons" so arranged that the pilot, in his last rush to earth, touches a button or two and records some code marks which will tell the world all about the accident after all possible chron-iclers are dead.
